Bespoke BY EVANS

FLAME RETARDANT CONTRACT FABRICS, BESPOKE DESIGN & INTERIOR SOLUTIONS BROCHURE

WELCOME

Combining both style and substance, Evans Textiles proudly presents Bespoke by Evans – the most stylish and tailored contract fabric designs coupled with the hardest working fabrics and interior solutions.

We do things slightly differently at Bespoke by Evans and we've got good reason to. Our approach is to bring creativity in design and put our customers and their clients at the heart of everything we do.
Should you have a specific design, colour or idea in mind, our Bespoke Design Solution and our team of talented artists are able to create truly bespoke designs that exceed your expectations. From a little inspiration, we can turn your idea into a reality, giving you a truly unique scheme for your client. There is no design or set-up fee and our minimum order is only 10 metres per design/ colourway.
All we need to get started is your idea be it local landmarks, building architecture or local history to make the design personal to the area or something completely different.
Our design team will then produce the artwork, all you have to do is choose from the varied Flame Retardant base fabrics you wish it to be printed on and you will receive your initial sample for approval free of charge.
The advantage of having your own design is that it will not be offered to anyone else which means you are offering your client a totally exclusive design, and importantly it will not be discontinued making it always available to you. We can also help offer protection of your design concept in the tendering process.

We can also print for you:-

- fixed panels for curtains with integrated leading edge in fixed drops.
- bed runner and cushion panels with integrated borders.
- block colours to set pantones.

All our FR fabrics are fully fit for purpose and meet relevant British Standards for contract use. All printing is completed in Manchester as we stock all the base fabrics, so you can be confident with our quality and that we can deliver your project on time and on budget.
Backed by Evans Textiles' 100-year industry experience, we're proud to offer the total solution. An all-encompassing, 'one-stop shop' we can quote for all the essential elements for your next project and are confident our pricing is competitive.
We look forward to working with you on your next project.

Sincerely

Paul Callan

YOUR BESPOKE DESIGN

Combine both style and purpose with endless possibilities...

Our bespoke textile design creates that 'wow-factor' – adding a real focal point to any interior. Many leading interior design practices offer our creative services as part of their interior design packages to clients, helping them to win new business. Using the expertise of our team ensures an excellent way to problem solve certain project aspects, fulfil clients' unique needs and also enhance the personality of a property.

Why Bespoke by Evans?

Free Initial Design Concept

Unlike other textile design agencies that charge from the outset (irrespective of whether the design is right or not). We're so confident in our ability to not only meet your expectations but exceed them we offer zero charges on our initial design concept.

Your Own Personal Designer

We believe in a collaborative approach which means you get undivided attention from our fully qualified textile designers. We work to written briefs, swatches or a friendly chat over the telephone.

Yours In Just 3-4 Weeks

Once you approve the design, we do all the hard work to ensure your fabrics are with you as in as little as 3 weeks*. We know there are often tight deadlines - that's why we work to strict production dates and are able to manage expectations. *From point of order

'One Stop Shop'

Save time, money and resource by getting all your essential interior design elements in one place. When elements from our total solution are bought together, we can build a best price for you inclusive of some excellent exclusive discounts.

HEAD OFFICE: 0161 320 2121 | KEY ACCOUNT MANAGER 07394 562588

DESIGNING FOR YOU AND YOUR CLIENTS

Good design is of paramount importance to us. All designs life begins in the studio where an idea is conceived, developed and designed by our talented team.
We understand that each project is unique and we can create one-off design following your brief, replicate an existing design or colour match fabric to a particular scheme. The design development can include to scale fabric samples, digital moodboards and mocked up examples depending on the complexity of the project.

Our high quality design service uses freehand sketching, painting and digital renderings to;

- ✔ Create one-of-a-kind artwork
- ✔ Refresh existing designs or pattern repeats
- ✔ Colour match to a fabric or scheme

Our bespoke textiles are printed digitally by the metre and we offer a range of materials should you have a fabric in mind, we will do our best to find a suitable print. Our bespoke textiles designs are perfect for cushion covers, curtains and upholstery fabrics. They can be used for both residential and commercial environments.

SHARE IDEAS AND COLLABORATE

With us it's personal. Every project begins with understanding your inspiration and requirements before being assigned to a member of our talented team. From there we develop concepts for review and refinement, colour and technical samples for approval, before moving onto producing the finished fabric. Our whole process is centred around a collaborative and dynamic partnership.

Download artwork brief form on our website to start your creative journey today!

About the team

We have a UK based design team that work in house. All of our designers bring unique qualities including surface patterning, screen printing, digital design, free hand drawing, watercolours and free hand painting. They have an eye for detail and spotting the latest trends. One of our designers is MA qualified and has been accredited by the Society of British and International Design (SBID).

HEAD OFFICE: 0161 320 2121 | KEY ACCOUNT MANAGER 07394 562588

DESIGNING IN 3 SIMPLE STEPS

Using the latest digital technology, we're able to create your unique design in three simple steps.

Step 1

Simply send us a picture, idea or brief to our team and we'll work collaboratively with you to make your idea a reality.

Step 2

We'll send digital artwork and samples to you completely free of charge to ensure you're happy.

Step 3

Once approved and base cloths are selected, you can expect your bespoke print in 3-4 weeks from the point of order depending on the design.

Your bespoke design is truly unique to you we won't offer your design to your competitors. Your design can be reproduced when you request it meaning you won't ever have the risk of discontinuation – it's a major advantage in a tendering process. Plus, unlike other suppliers, we won't commit you to bulk orders on any bespoke design, you can order a sample from as little as 7-10 working days.

**Terms and Conditions apply. See website for details.*

CASE STUDY

FAIRFIELD RESIDENTIAL CARE HOME BY HOMESMITHS

Fairfield Residential Care Home in North Oxford, commissioned the design of a new purpose-built care home, situated in the grounds of the original home, a Victorian villa. With the newly commissioned building, residents would be relocating from the existing period home to a new, modern home. The interior design scheme needed to make that transition reassuring, and a specialist design practice were needed to introduce a contemporary, warm and welcoming environment for residents, visitors and staff alike.

INTERIOR DESIGN FEATURES

Across the home, many different aesthetic environments were developed to enable residents to experience a variety of activities and experiences. The dominating colours of green and white allowed light to travel through the home. Working collaboratively with HomeSmiths, Bespoke by Evans' were able to add to the scheme with uniquely designed contract fabrics, printed on properties to match their exact specification.

A particular element that married up the botanical theme within the home was a fern leaf design – meticulously hand painted by the Bespoke by Evans team. Produced in watercolour and printed on durable upholstery fabric, the design created comfortable, stylish and 'fit for purpose' seating. The design coordinated with the environment but also created an elegant contrast in separating various parts of the chairs to help residents understand their surroundings better.

"The designs created were fantastic and really fulfilled our brief. We're finding that more and more clients are looking for something unique that not only enhances their home, but connects with residents - so the bespoke design and print services are a perfect way to deliver this. I would strongly recommend Bespoke by Evans to anyone looking for something truly special in interior design, whether a stunning focal point or something subtler, the possibilities are endless. The services provided are always professional throughout a project, and I have had so many positive comments about the artwork and fabrics."

JACQUI SMITH, Director and Interior Designer, HomeSmiths

Outcome

Since the completion of the project at Fairfield Residential Care home, HomeSmiths have been recognised for their aesthetic creativity and were finalists in the prestigious International Design Excellence Award for Healthcare – beating thousands of entries.

ONLINE EXCLUSIVE: STYLE GALLERY

Welcome to the Style Gallery, a range of contemorary nature-inspired designs. The key benefit of our Style Gallery is these designs are all readily available and editable - you can manipulate the shades to any pantone and we're able to produce these without the longer timescales of a fully bespoke design. Saving valuable time and still allowing you to have the flexibility of a custom design. From the point of order you can expect these designs in as little as just 3 weeks.

Please refer to page 28 for the full fabric specification and usage.

Discover our online style gallery at **www.bespokebyevans.com**

Request a sample on our website, simply choose a design from our design gallery, select a fabric and we will send you a sample within 7 to 10 working days* free of charge.

**Subject to courier and availability.*

CURTAIN FABRIC & LINING

All our fabric ranges meet or exceed the very highest standards of quality and durability. We have a range of curtain fabrics that include satin, panama, blackout & dimout - all available in your chosen design and certified to the relevant flame-retardant standards.

Accessories

Curtain Voiles
Let your clients enjoy extra privacy without blocking out the sunlight. Our voiles are inherently flame retardant and commonly paired up with our curtains to create an airy feel to a room.

FR Curtain Lining
Our curtain linings are flame retardant to the required safety standards. Good thermal & insulating properties, light exclusion and minimal shrinkage. We have a range to suit every budget and end-use.

Curtain Tape
Our contract header tape will finish your curtains perfectly, made from FR certified materials that will reliably hang and finish your curtains. Our woven pockets create impeccably neat pencil pleat for a distinctive finish.

BESPOKE FR BEDDING

Have a bespoke design created or from our collection and we will provide this for you as duvet covers, pillow cases, bed runners or cushions creating effortless consistency throughout your interior design scheme.

FR BEDDING

Opt for our readily available FR bedding in cream or white as either stripe or plain. Sheets, valances, pillow cases and duvet covers are available. All duvet covers are available as fully reversible and our FR as standard.

Satin stripe white and cream. Available in single, double and king. 145 gsm weight. Plain white and cream bedding available in single, 3/4, double and king. 145 gsm weight.

Matching pillowcases in cream or white, stripe or plain in Housewife or Oxford styles.

Fitted, flat sheets and valances. Available in cream and white in single, ¾, double and king.

Add additional texture and colour to a room with a matching bedthrow. Bedthrows create a super soft ambience to enhance the look of a bedroom. Throws meet the necessary British Standards for flame retardancy and are available in a wide range of fabrics. We can panel print your bedthrow which is a cost effective process against a stitched border.

Finished in your design in a choice of suitable base cloths, we provide coordinating fabric for headboards.

For a finishing touch of comfort and cosiness to bedding or chairs, coordinating cushion fabrics are perfect. We can also provide a wide variety of cushion pads and bolsters filled luxury white feathers and flame retardant fabrics.

TOWELS

Enjoy complementing towels in two styles; Chevron or Geo. These towels are available in three different sizes. Available as: hand (50 x 86 cms), bath (70 x 120 cms) and bath sheet (90 x 150 cms). Chevron – Structured Jacquard 550 gsm, Geo - Reversible plan dyed dobby 600 gsm.

MOTORISED CURTAIN TRACKS

Our motorised curtains tracks offer the perfect combination of efficiency & style. Fitting into the tightest corners, our tracks are perfect solution for any interior as they optimise light entering into a room and offer real ease of use for the end user. The motorised track will add a stunning complete look to your bespoke curtains.

Smart Home Automation

Amaze your clients with a smart phone and smart speaker operated blind systems and curtain tracks. The Evaglide hub is a low cost system that offers your customers a real focal point.

MOTORISED TRACKS

10 YEAR WARRANTY AS STANDARD

Elegance in motion. Create a sense of luxury and simplicity with our range of silent motor curtain tracks. Each track is made-to-measure and offers a contemporary finish to any window dressing. Tracks are ideal for less dexterous users or windows that are hard-to-reach or have heavy curtains. With just one touch of a button, users can open and close curtains to desired position with ease.

Our smooth gliding tracks include:

- Mains operated track systems
- Battery operated track systems

BLIND SYSTEMS

10 YEAR WARRANTY ★★★ AS STANDARD

Subtle, stylish and smooth operating.
At the touch of a button, our advanced technology allows the end user to control the amount of light entering into a room. Our systems work well within any private or public environment and once installed, your client will have smooth operating, contemporary window dressing. At Evan Textiles we take child safety seriously, therefore we have a range based on this with our innovative track system that offers numerous benefits. All our child safe tracks are fully tested and approved.

NUANCE MOTORISED ROMAN BLIND SYSTEM

Engineered specifically to meet the demands of various contract environments, our made-to-measure contract roman blind systems combines both the latest technology and intelligent design.
