Transforming Outdoor Design

It's time to embrace the outdoors with our New Outdoor Collection. In this brochure, you'll find the latest 2025 ranges, alongside Protocol's handpicked favourites from the Outdoor Collection 2024.

That's not all, you'll discover a range of outdoor fabrics that let you customise your furniture. Our fabrics blend style and practicality, designed to withstand the elements year-round. However, we recommend keeping cushions dry and protected from rain or snow.

Our furniture is manufactured with high quality materials and pushes the boundaries when it comes to design. We offer an extensive selection, from sturdy tables with a timeless appeal to sophisticated chairs.

Each piece is thoughtfully designed with features like weather-resistant materials and easy maintenance, ensuring both functionality and style. You can be assured that our collection has something for every design scheme and budget.

This brochure features only a selection of our outdoor furniture and does not represent our full product offering. If you are looking for something different or bespoke or require a quick lead time, please get in touch today and speak to our friendly team.

Outdoor Fabrics

Our outdoor fabrics combine style with durability, offering exceptional weatherproof, UV-resistant, and waterproof features designed to endure the elements all year round. While they're built to last, we recommend not leaving your cushions out in the rain or snow. Explore a small selection of fabrics we offer, or if you're looking for something specific, please get in touch with our team.
