TABLE TOP OPTIONS

CONTENTS

Why choose bespoke tops?	4 - 5
Styles	6 - 23
Sizes & Shape	24 - 27
Materials	28 - 31
Edge Options	32 - 37

Hill cross furniture have supplied table tops to the hostpitality, commercial, marine, healthcare sectors for over 20 years... discuss your specification with a member of the team today.

Hill Cross Furniture only supply to the contract market and products may be subject to minimum order quantities. Discounts may be available for large orders. Contact us to discuss further.

WHY CHOOSE BESPOKE TOPS?

While standard, off the shelf table tops are perfect for some jobs, they do not suit every design. That's why we offer bespoke table tops, made to your specifications, so you get the perfect piece to suit your design vision.

With a bespoke top you control the;

- Shape
- Size
- Material
- & design details

With that in mind, we have pulled together a range of styles, materials and options in this handy guide to inspire your next project. The styles included in the next section are just a few examples of what we are able to create, so, let your imagination run wild and discuss your specification with one of our helpful and extremely knowledgeable team.

Character Timber

SIZE & SHAPE

SIZES & SHAPE

Our table tops are available in a number of shapes and sizes, and can be customised to suit your project whether it's a unique shape, an intricate pattern or a bespoke finish that adds that extra level of detail.

Below are some examples of the table sizes we produce, but this is by no means a definitive list... If you have a specific request, we can work with you to achieve your desired size.

Square	**Rectangular**	**Round**
600 x 600mm	700 x 650mm	600mm dia
700 x 700mm	750 x 650mm	700mm dia
750 x 750mm	1200 x 600mm	750mm dia
800 x 800mm	1200 x 700mm	800mm dia
900 x 900mm	1200 x 750mm	900mm dia
1000 x 1000mm	1500 x 700mm	1000mm dia
1100 x 1100mm	1500 x 750mm	1200mm dia
1200 x 1200mm		

SIZES & SHAPE

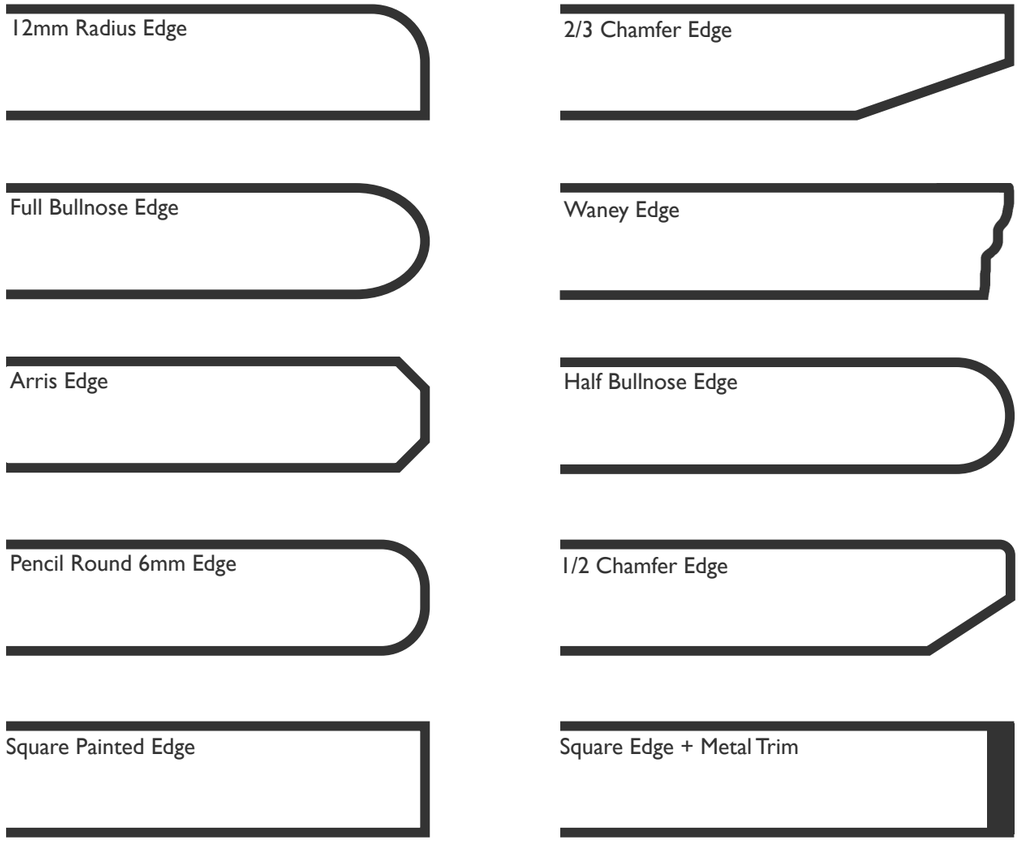
Along with different sizes, we can also create tables in many different shapes to suit a number of requirements, whether it's for design or function. The options are pretty endless.

From hexagons to trapezes and everything in between. If you have a specification or want to create something truly unique for your next project or design, then talk to us about the possibilities for a shaped table top.

EDGE PROFILES

EDGE PROFILES

Our table tops are available in a number of shapes and sizes, and can be customised to suit your project whether it's a unique shape, an intricate pattern or a bespoke finish that adds that extra level of detail.



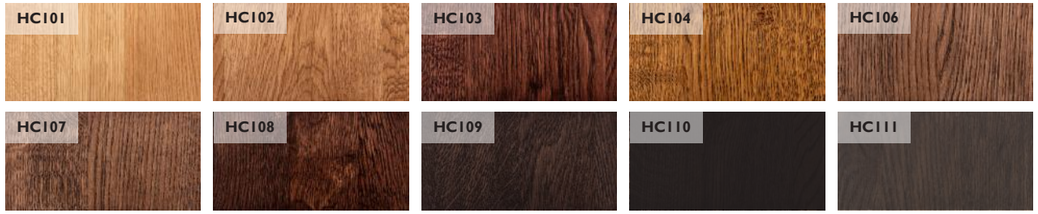
MATERIALS

MATERIALS

With a wide range of materials and finishes available for table tops, we have pulled together a selection of the most popular options, including timber, marbles & stones, and laminates. As with the sizes, this isn't a definitive list and we can work with you to achieve your desired specifications in a huge range of alternative materials like metal, concrete and so much more.

TIMBER

Available in Oak or Ash, our standard stains are as follows, but we can also finish to any RAL or stain of your choosing. We can also supply reclaimed timber for a more sustainable option...

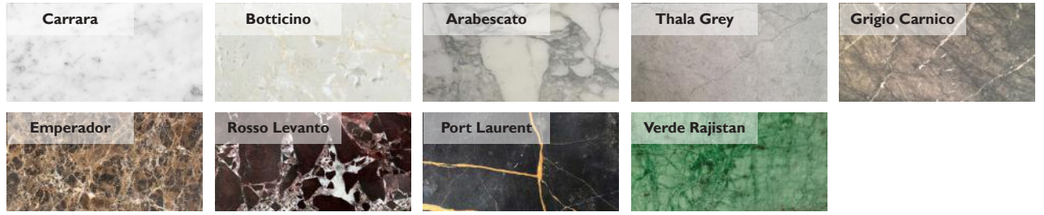


LAMINATES

Laminates are a cost-effective alternative to solid timber and natural stone table tops and available in a huge array of options, a few examples are shown below...

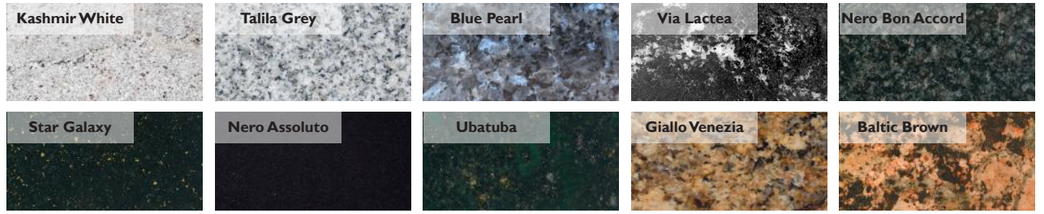
MARBLE

With multiple options available in terms of finish and edging details, marble can add a touch of luxury to a venue and can be used to make a real statement...



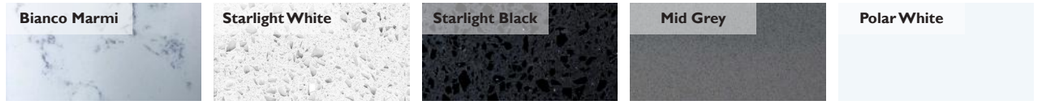
GRANITE

Granite is a hard-wearing natural material, which is well suited for contract furniture that needs a natural material look. and can be used inside and out...



MANUFACTURED QUARTZ

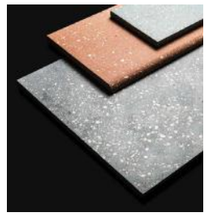
Fabricated from natural quartz, one of the hardest minerals found in the Earth, manufactured quartz offers a durable alternative to marble granite...



SILICA STONE

Silica stone is a sustainable and cost-effective alternative to stone such as granite and marbles. Produced from recycled materials and glass including old CRT monitors and off cuts of stone and marble produced in traditional table top manufacture.

All silica stone is a minimum of 98% recycled material, with some finishes being 100% - A perfect option for sustainable contract furniture...



OUTDOOR TOPS

Table tops suitable for use outside come in many forms. Options include timbers such as Teak and Iroko, recycled plastics for a sustainable option and Topalit for a durable option that comes in a range of finishes for an alternative to stones and timbers.

Talk to the team about more options for outdoor use and how these can be tailored to your designs...
