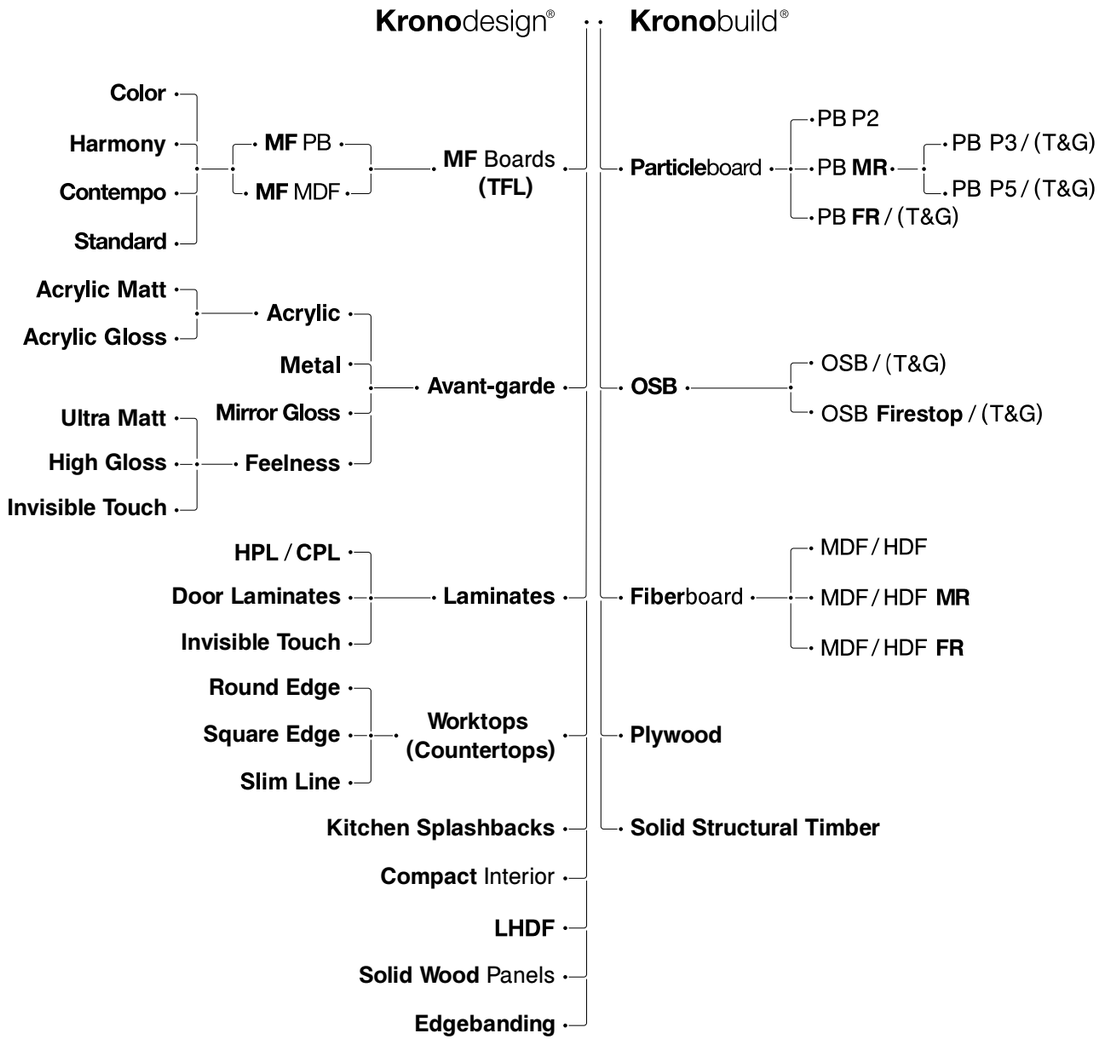
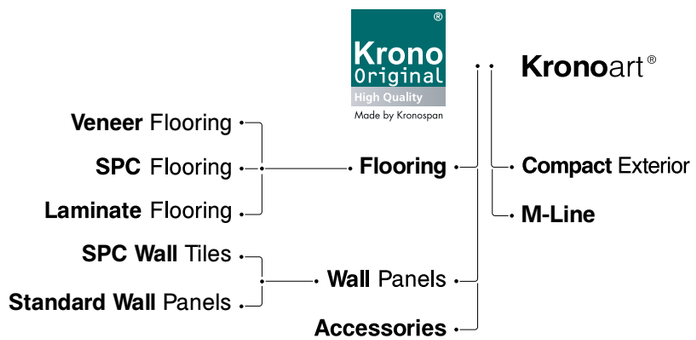
Kronospan





Kronodesign®

A World of Design Possibilities™

The new Kronodesign® Global Collection carries a great legacy. A legacy of beauty and harmony. A legacy of woodgrain, stone and color designs that promise to not only be both modern and on-trend, but also capable of enduring the test of time. The Kronodesign® Global Collection boldly paves its way into furniture and interior design by making hundreds of decors available for designers and architects across the globe, delivering a whole new world of unlimited design possibilities.

Our world inevitably affects our design search. With the aspiration for a fresher and brighter future, our design journey continues. The human desire to live a comfortable life pushes for new design solutions and our drive to deliver those designs will never stop.

SETTING THE BAR

Enhanced product and decor range

Kronodesign® is one of the widest ranges for interior and furniture solutions. Sustainable and trend-forward surfaces and decors for unlimited design freedom.

Express stock range and secure supply

Kronospan strives to offer an unbeatable service. We deliver our products safely and cost-effectively. We understand our market and we provide a reliable global network of representatives and distributors with just-in-time product supply.

Globally unified decor range

We coordinate a colossal multinational logistics operation to ensure that the new collection is attractive, that the service is also second to none, and that each design is always available worldwide.

Own exclusive designs

Driven by what's new in the areas of architecture, design and art, our network of experts in major global markets identify and interpret the latest global worldwide trends. We work out what's hot and what's up and coming, and the result is reflected in a range of colors, patterns, innovative materials, and surfaces designed to really engage and stimulate the senses. The collection includes IP-patented designs that are only available to Kronospan customers, and developed from scratch by our designers. Their distinctive mark is the letter "K" which you will find in the beginning of the decor number.

Coordinated solution

Our products will work together to ensure a unique and coordinated identity for your design project. Although we develop our designs exclusively, we always ensure that our products are complementary. Whatever the project – whether it's planning, designing or furnishing – our products all work well together.

Sustainable manufacturing

Environmentally friendly principles are central to our daily processes and practices. Wood is the predominant raw material in our products, so sustainability is right at the heart of everything we do.
We continually improve our environmental performance in the production of our products and always opt for international certification and environmental management systems.
Kronospan produces CO_2-negative boards by collecting wood responsibly, recycling and reusing the materials and practicing sustainable forestry. Solid and reliable construction and healthy living with Kronospan wood-based materials are an integral part of our social and ecologically-responsible business strategy.

PROJECT SOLUTIONS THAT WORK

Melamine Faced Particleboard (MF PB | TFL)

MF PB | TFL is an essential material in the furniture and interior design industries. Made from particleboard covered with decorative melamine paper, it's the most widely used material for modern furniture.
Available in various finishes, including gloss, matt, lightly textured and wood grain.

Application

- INTERIOR FRONTALS
- INTERIOR TOPS

Features

- EASY TO MAINTAIN
- STAIN RESISTANT
- UV STABILITY

In addition, we offer different MF PB Boards with improved moisture resistance and fire retardant properties for special applications.

Melamine Faced Fiberboard (MF MDF | TFL)

Formed by covering an MDF core with decorative paper, our Melamine Faced MDF | TFL is suitable for high-quality furniture and interior design projects.
The core of the material is composed of wood fibers, giving a high density and stability, which makes it excellent for processing. It is available in various thicknesses, designs and decorative finishes on one or both sides.

Application

- INTERIOR FRONTALS
- INTERIOR TOPS

Features

- EASY TO MAINTAIN
- STAIN RESISTANT
- UV STABILITY

For special applications we also offer moisture resistant and fire retardant MF MDF.

Acrylic Matt Boards

Acrylic Matt Boards are premium decorative boards with a delicate, subtle acrylic surface and an elegant appearance. Specially developed for use in furniture components, interior design, retail and commercial applications, giving a smooth finish that is soft to the touch.
They are based on Kronospan's premium MDF material, covered with matt acrylic on the front side of the board.

Application

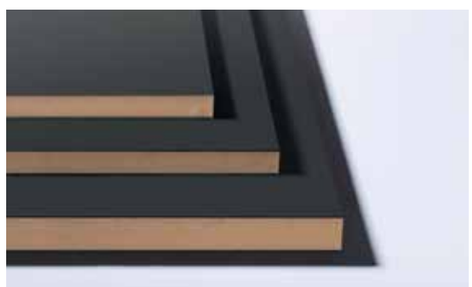
INTERIOR FRONTALS

Features

MATT SURFACE

SCRUB RESISTANT

UV STABILITY



The Boards have excellent impact strength, scrub resistance, high UV stability and improved anti-fingerprint properties.

Acrylic Gloss Boards

Used in luxury furniture components, kitchen frontals, interior design and commercial spaces, Acrylic Gloss Boards offer exceptionally high gloss levels and improved scrub resistance.
They are based on Kronospan's premium MDF material, covered with gloss acrylic on the front.

Application

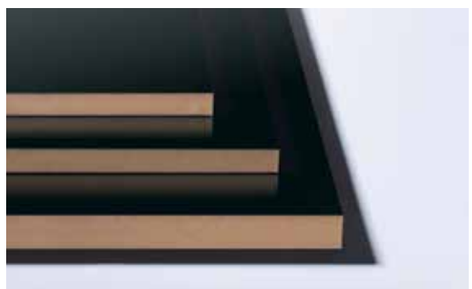
INTERIOR FRONTALS

Features

GLOSS SURFACE

SCRUB RESISTANT

UV STABILITY



Supplied with a PE foil to protect the surface, Acrylic Gloss Boards have excellent chemical resistance and high UV stability.

Mirror Gloss Boards

Mirror Gloss Boards are used in home and office furniture, luxury kitchens and retail spaces. They are produced using cutting-edge lamination technology to create a surface with an unsurpassed gloss finish.
A high quality decorative melamine film is pressed onto a MDF substrate with a fine-sanded surface to create a product that captures and reflects the surrounding light.

Application

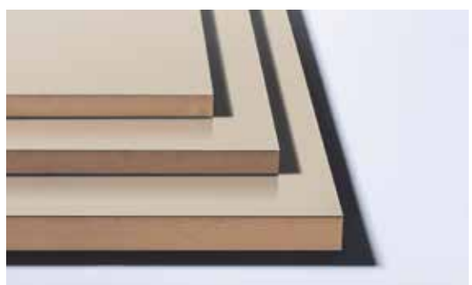
INTERIOR FRONTALS

Features

GLOSS SURFACE

STAIN RESISTANT

UV STABILITY



The range features scratch resistant, light and colorfast unicolored decors.

Mirror Gloss Boards
7045 MG **Satin**

Metal Boards
AL08 Brushed Titan

Metal Boards

Strong, durable and versatile, Aluminium MDF Boards help to create individual and appealing interior design projects. Ideal for vertical furniture elements, their scratch resistant surface guarantees long lasting good looks.
The boards are produced from high quality MDF substrate laminated with real aluminium with a scrub resistant coating and covered with protective foil.

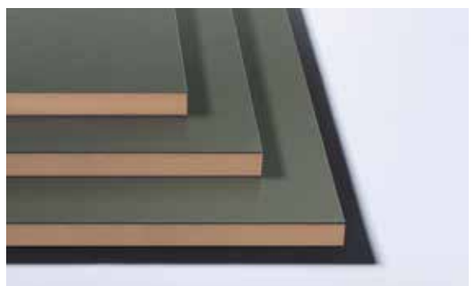
Application

INTERIOR FRONTALS

Features

ALUMINIUM SURFACE

SCRUB RESISTANT



PET Laminated MDF

PET Laminated MDF is a high quality MDF board covered with matt or gloss PET foil. The decor range includes our top-selling uni colors and it is 100% coordinated with the Kronodesign® collection. The front and reverse sides of the boards are produced in the same color. The hot melt Polyurethane adhesive technology guarantees excellent bonding and ensures flat surface with moisture protection.

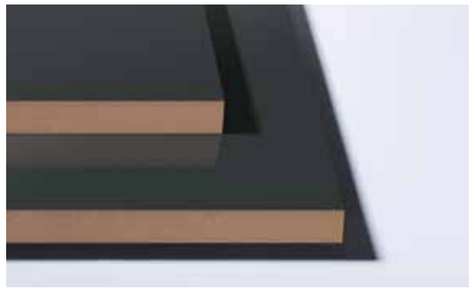
- SCRUB RESISTANT
- EASY TO CLEAN



HPL Bonded MDF

feelNesS invisible touch

HPL Bonded MDF is a composite moisture resistant MDF board covered with a HPL sheet. The top surface features a velvety texture and a luxurious soft-touch tactile effect. It has an anti-fingerprint finish (AF) and the bond is secured by hot melt Polyurethane adhesive technology. The front and back sides of the boards are produced in the same color.

Application

- INTERIOR FRONTALS
- INTERIOR TOPS

Features

- ANTI-FINGERPRINT
- MATT SURFACE
- SOFT TOUCH
- MOISTURE RESISTANT
- HEAT RESISTANT
- STAIN RESISTANT
- HYGIENIC
- EASY TO CLEAN

Worktops
Round Edge

We offer a wide variety of worktop designs that have been carefully matched with the most appropriate profile to enhance the look of your kitchen, work or commercial area. Our Round Edge Worktops are based on raw particleboard covered with a decorative HPL laminate making them ideal for counters in kitchens, offices and shops. They also feature a special High Density Fibreboard strip which strengthens the front edge of the worktop. This technical innovation enhances the quality of the profile and increases the impact resistance of the board. There is a special silicone strip underneath the profiled edge along the entire worktop length, forming a drip barrier and keeping out water.

STAIN RESISTANT

Worktops Slim Line
K023 SU **Venato**

Worktops
Slim Line

Slim Line worktops are 12 mm compact boards for horizontal use with a monochrome core, ideal for high-end furniture and interior design.
They have improved resistance to abrasion and moisture, function well and look good.

Application

- KITCHEN TOPS
- INTERIOR TOPS

Features

- ANTIBACTERIAL SURFACE
- HEAT RESISTANT
- WATER RESISTANT
- STAIN RESISTANT
- IMPACT RESISTANT
- HYGIENIC

They don't need additional edging or surface finish processing, so they're perfect for bespoke kitchen, office or work surfaces.

Kitchen
Splashbacks

Coordinated Splashbacks provide the finishing touch to worktops in kitchens, offices or work areas.
Connecting the worktop with the upper cupboard line in the kitchen, they protect the walls behind the work surface and add an extra decorative touch. Splashbacks are made for vertical use, from decorative HPL pressed onto particleboard, and perfectly match the worktop design.

Application

- KITCHEN SPLASHBACKS

Features

- ANTIBACTERIAL SURFACE
- EASY TO CLEAN
- HEAT RESISTANT
- HYGIENIC
- STAIN RESISTANT

Kitchen Splashback
K023 SU **Venato**

Compact Interior
0164 BS **Anthracite**

Compact Interior

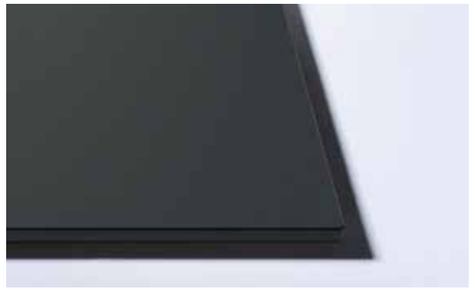
Compact Boards are high-pressure structural laminates consisting of multiple core layers with a decorative resin-impregnated paper.
Their durability, structural strength and moisture resistance make them ideal for interior and commercial applications subject to high impact and moisture, as well as for use in heavy duty areas.

Application

- INTERIOR FRONTALS
- INTERIOR TOPS

Features

- ANTIBACTERIAL SURFACE
- WATER RESISTANT
- IMPACT RESISTANT
- HIGH DURABILITY



HPL/CPL

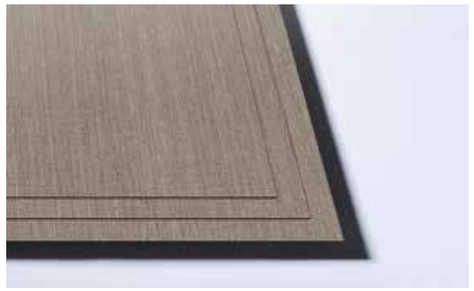
High Pressure Laminate (HPL) is the perfect material for surfaces that require enhanced durability and impact resistance. Produced by pressing multiple core layers, it is hardwearing, durable and hygienic.
Our HPL is suitable for covering vertical surfaces such as doors and wall panels, and for horizontal surfaces like kitchen worktops and retail counters.

Application

- INTERIOR FRONTALS
- INTERIOR TOPS

Features

- ANTIBACTERIAL SURFACE
- STAIN RESISTANT
- EASY TO MAINTAIN



HPL
K542 SN **Mocha Tessea**

HPL
7045 SU **Satin**

It can be bonded to different wood-based substrates, offering countless design and application options for a wide variety of interiors.
The HPL range is harmonized with our melamine faced boards, gloss and matt products and worktops, to give a complementary product portfolio.

Door Laminates

High Pressure Laminates with inherent properties that make them ideal for functional, high-traffic applications.
One standard format perfect for a door.

Application

- DOOR FRONTS

Features

- ANTIBACTERIAL SURFACE
- STAIN RESISTANT
- FLAT BONDING
- SCRATCH RESISTANT
- WATER RESISTANT
- HYGIENIC
- IMPACT RESISTANT
- EASY TO CLEAN

HPL Invisible Touch

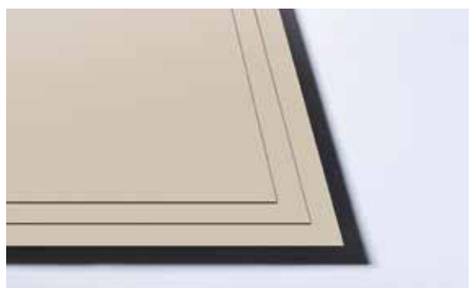
The special overlay film with a highly functional anti-fingerprint coating is responsible for the great optics, haptics and functionality of the HPL Invisible Touch. The surface has a premium look thanks to its velvety matt finish, low light reflectivity and a pleasant soft to the touch feel.

Application

- INTERIOR TOPS
- INTERIOR FRONTALS

Features

- ANTI-FINGERPRINT
- WATER RESISTANT
- STAIN RESISTANT
- HEAT RESISTANT
- HYGIENIC
- EASY TO CLEAN



LHDF
0164 PE **Anthracite**

Lacquered High Density Fiberboard (LHDF)

This High Density Fiberboard coated with water-based and UV resistant lacquers is suitable for applications such as drawer bases, interior doors, advertising boards and more.

Lacquered HDF is easy to clean and is resistant to chemical substances and mechanical impact.

Edgebanding

If you’re going for a unified look in your interior design, choose from our range of edgebanding in standard thicknesses and widths. A thermoplastic product used for finishing the profiles of laminated wood-based panels, it’s both decorative and protective.

Edgebanding
K546 RW **Caramel Franklin Walnut**

Edgebanding
K546 RW **Caramel Franklin Walnut**

We’ve worked closely with manufacturers of complementary products to ensure the range is perfectly matched for color and texture with our gloss, matt, aluminium and melamine faced boards, giving them an attractive, durable finish.

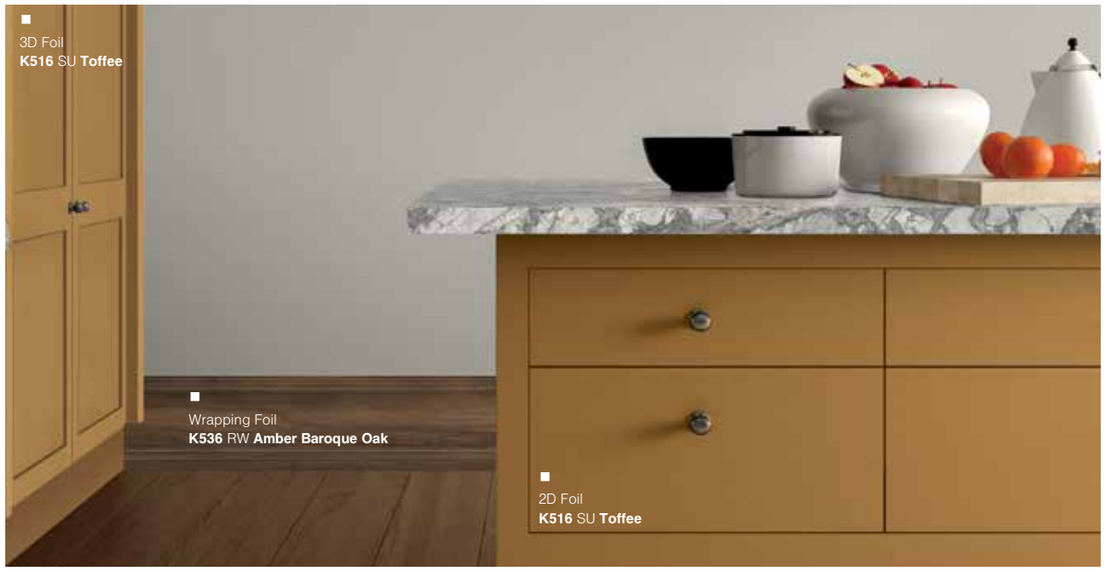
Wrapping Foil

Wrapping foil is perfect for wrapping profiles like 5 piece door components.

SURTECO



2D Foil

2D thermoplastic foils are special films suitable for various processing technologies such as profile wrapping, flat lamination and folding.
The surface is coated with a highly durable lacquer that provides excellent scratch, mark and stain resistance.

RENOLIT
Rely on it.

3D Foil

3D foils are thermoplastic laminates applied as a decorative surface for raw MDF using a thermoforming process.
The surface is coated with a scrub resistant lacquer that protects the material in use and provides excellent light fastness and resistance to scratches and stains.

RENOLIT
Rely on it.

Coordinated Solution

Discover the whole range of products, working together to ensure a unique and coordinated identity for your design project. By teaming up with specialists we have already done the hard work for you - delivering the total package of materials for a complete and coordinated interior.

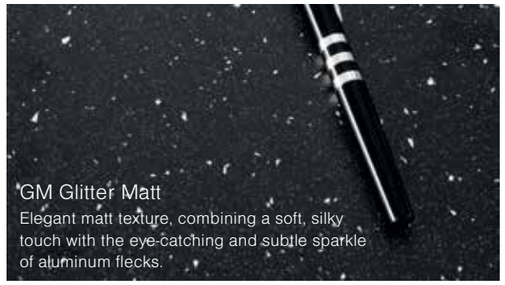
TEXTURES

Texture provides a sophisticated visual and tactile experience,
adding value to your final product, making sure it looks and feels great.

Matt

AF Authentic Fine
Velvety texture with a luxurious soft-touch tactile effect and an anti-fingerprint finish.

AM Acrylic Matt
Fine and subtle matt finish, offering a warmer, velvety touch and reducing fingerprint marks.



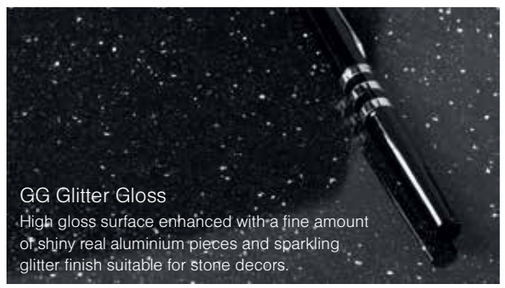
GM Glitter Matt
Elegant matt texture, combining a soft, silky touch with the eye-catching and subtle sparkle of aluminum flecks.

SM Silk Matt
Elegant semi-matt finish with a smooth silky touch.

SU Super Matt
Texture combining matt effect with smooth, high-grade optics for a resplendent appearance.

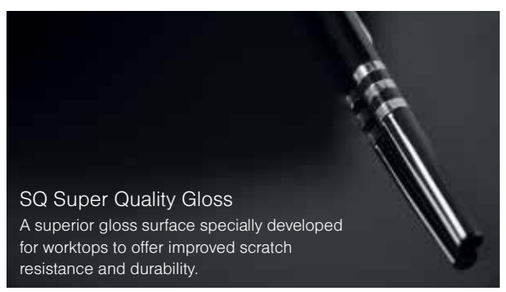
Gloss

AG Acrylic Gloss
An exceptional acrylic surface with high gloss visual appearance providing an impression of depth.



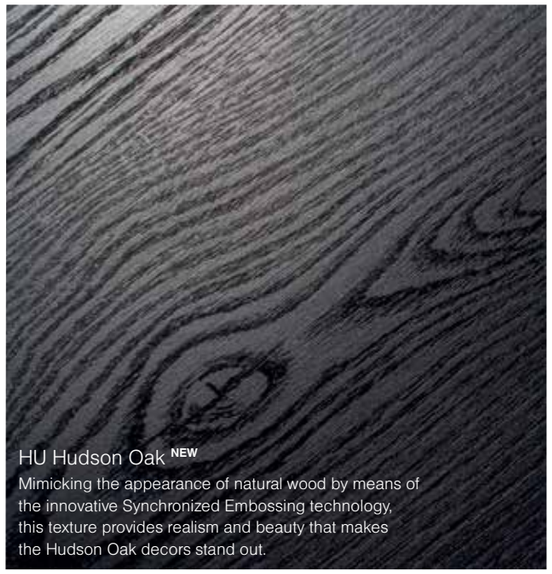
GG Glitter Gloss
High gloss surface enhanced with a fine amount of shiny real aluminium pieces and sparkling glitter finish suitable for stone decors.

MG Mirror Gloss
Lustrous, durable and color fast texture with mirror like reflection and high gloss finish.



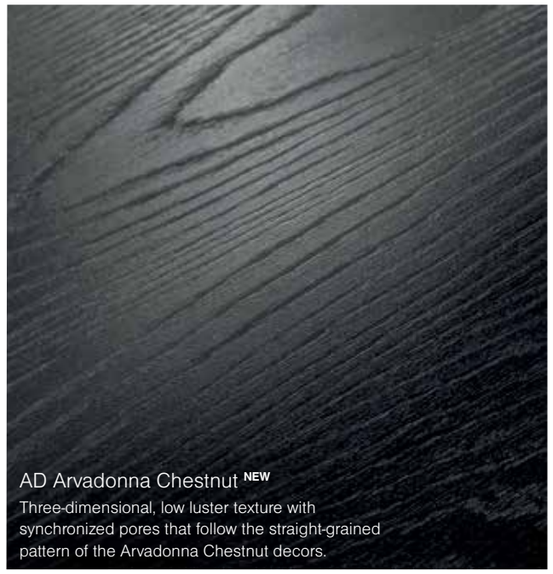
SQ Super Quality Gloss
A superior gloss surface specially developed for worktops to offer improved scratch resistance and durability.

Synchronized Embossing



HU Hudson Oak NEW

Mimicking the appearance of natural wood by means of the innovative Synchronized Embossing technology, this texture provides realism and beauty that makes the Hudson Oak decors stand out.



AD Arvadonna Chestnut NEW

Three-dimensional, low luster texture with synchronized pores that follow the straight-grained pattern of the Arvadonna Chestnut decors.

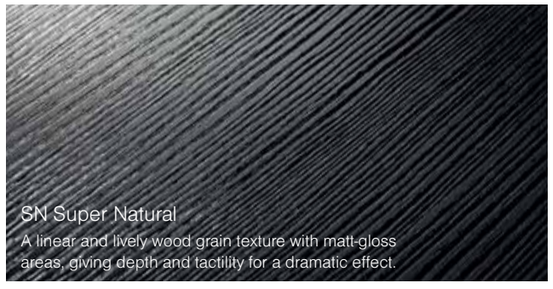
Deep

RW Rift Wood NEW

Linear texture with matt and gloss areas giving the most diverse wood designs a very authentic feel and high-value appearance.

SL Slate

Deep slate texture that reflects the distinctive look and feel of weathered stone.



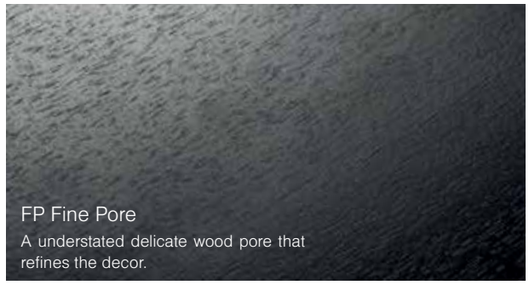
SN Super Natural

A linear and lively wood grain texture with matt-gloss areas, giving depth and tactility for a dramatic effect.

Porous

PW Pure Wood

Inspired by the elegant finish of a varnished veneer this texture gives a silky matte finish exposing the subtle gloss of the wood grain pores.



FP Fine Pore

A understated delicate wood pore that refines the decor.

Grainy

BS Bureau Structure

A pleasant mottled surface, that brings timeless style and durability to all environments, not just the office.

PA Patina

A subtle, semi smooth glazed surface.

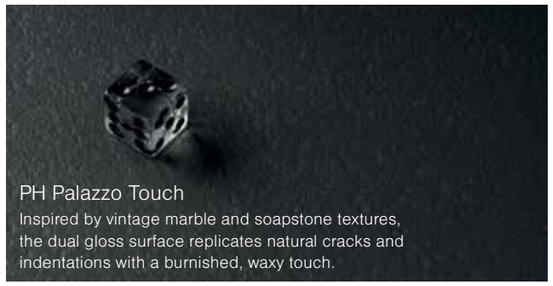
PE Pearl

A subtle, burnished surface detail.

Rough

PN Pluton NEW

A versatile, non-directional texture with a matt effect. It is ideal for both vertical and horizontal surfaces and enhances the look and feel of textiles, stone and marble decors.



PH Palazzo Touch

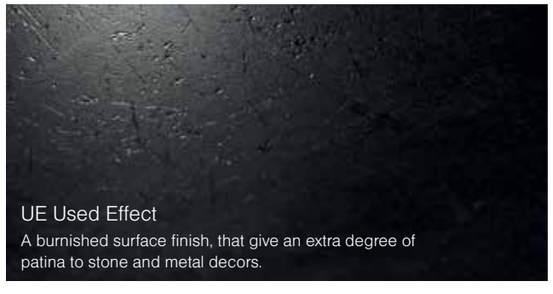
Inspired by vintage marble and soapstone textures, the dual gloss surface replicates natural cracks and indentations with a burnished, waxy touch.

RS Rough Stone

Soft riven texture suitable for natural stone decors.

RT Rust

The stucco texture echoes the distressed appearance of concrete and metal. It has a worn character that's fully on-trend with the urban look.



UE Used Effect

A burnished surface finish, that give an extra degree of patina to stone and metal decors.
