MADE IN BRITAIN®

At the heart of Roman is the desire to be the best.

It is Roman's vision to lead and innovate in the Showering industry. To design and manufacture top quality inspirational showering solutions, which offers choice for all markets.

To expertly manufacture our products in Britain, so they are designed and built to last and offer a lifetime of effortless showering for all. It is our aim to give all our customers exceptional value and service; this ethos runs throughout the culture of the business and cannot be imitated.

We have been certified as Carbon Neutral and we will constantly strive to further improve and enhance our environmental impact.

WHO WE ARE

Roman has been designing and manufacturing showering solutions for 40 years, and is home to the UK's largest shower manufacturing plant. All Roman products are designed and created in Britain, offering the ultimate in quality, precision and craftmanship. Roman's diverse and versatile collection of products encompasses something for every style and shape bathroom – no matter what the budget. Roman is a reputable and well established UK Brand, supplying showering products to 72 International markets.

Colours

Collection

The Roman Colours range showcases Roman's design and manufacturing capability in a way that no range has before. Design in the international hotel sector has demanded new finishes and metal colour options to be developed and the Colours range brings this development and expertise into the retail market for the first time.

The mechanisms within Colours elevate showering to a new level and achieve the genuine soft close experience for the very first time, leading the way in superior bathroom design.

Hinged Door with Two In-Line Panel Alcove Fitting - Brushed Black Chrome
Lfft Hand, Door Code: CD002BBL, In-Line Panel code: CI019BBL

Some larger design configurations may wish to centralise the door or simply move it away from wall fixing. The Colours range has integrated such glass to glass fixing options into their range – both for corner and alcove configurations. The Roman dam system adapts to link the wall fixing beneath the glass and door to give complete water integrity.

Hinged Door *with Two In-line Panel*

Features & Benefits

- Soft Close

Liberty

Frameless Collection

The Liberty Collection is freed from the shackles of traditional bathroom design, with its ultra-modern and minimalist focus.

The leading range really does offer endless design and solution options. The Liberty Sliding door system offers a genuine soft close system for the first time in shower enclosures. The secret lies hidden behind a plate inside the top rail. A heavy gauge spring system is activated when the 10mm or 8mm thick door is moving and the last 50mm of door movement, opening or closing, is taken over by the soft close system and it slowly, quietly, and elegantly takes the door to its destination.

The system itself is tested over 20,000 cycles and will control the door regardless of speed you open or close it.

Please note:

The minimalist nature of the product means if the shower head is directed at seal and component interfaces, some water may escape from the showering area. The product will perform as intended under normal showering conditions.

1200 Alcove Fitting - Brushed Brass with Fluted Glass
Left Hand Sliding Door: KT1D12FLBR
Anti-Slip Tray: RSTG128

Innov8

Frameless Collection

The Innov8 Range encapsulates industrial chic with an elegant twist.

Innov8 Enclosures lead the way in minimal, inclusive and stylish design trends - presenting a refined collection.

Innov8's outstanding differential is the low threshold (reduced height of bottom rail), allowing level entry access into the Shower Enclosure.

FastFix
SYSTEM

SECONDS

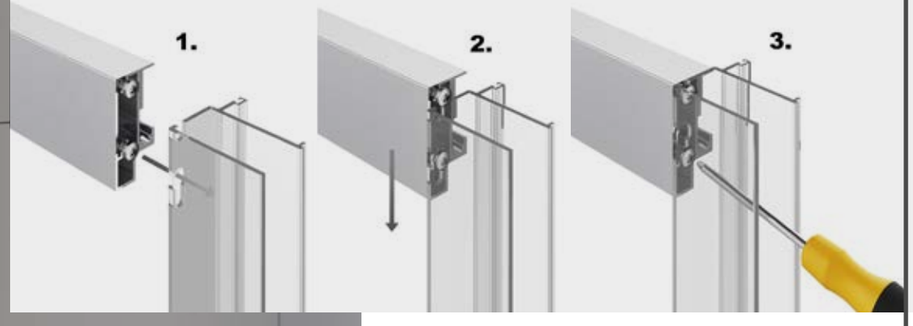

PRE-ASSEMBLED

3
THREE STEP

FastFix Assembly

now included on all Roman Sliding Door Enclosures

The FastFix Assembly system is designed so that the final mainframe installation is a 'slot and tighten' exercise, which can be done literally in seconds. Consequently, the main profiles effortlessly link together as the structure is assembled onsite. As much of the process as possible is now pre-assembled in the Roman factory to ensure that the final installation in the bathroom is simple, quick and easy.

Sliding Door

Features & Benefits

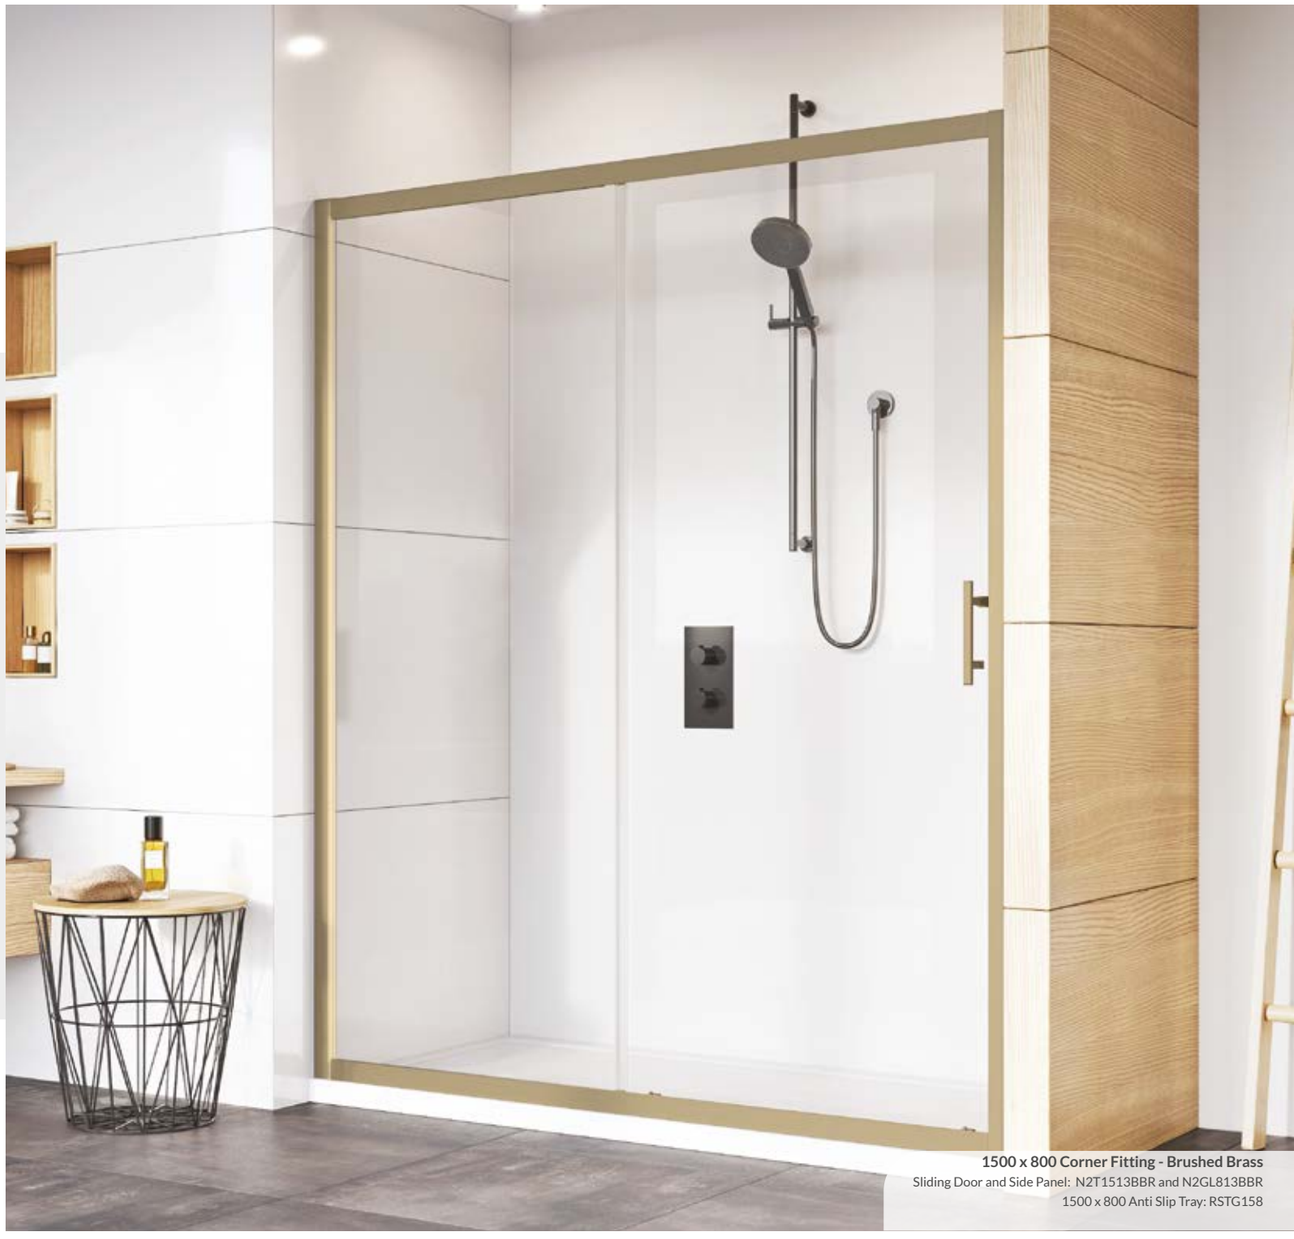

- Chromed brass machined components
- Chromed brass feature handle
- Crystal clear PVC seals
- 20mm of adjustment in each profile
- Fast Fix Assembly
- Compatible trays available
- Matt Black sandblast finish renders product essentiality scratch-proof

1700 Walk-in Shower Enclosure - Polished Chrome
Curved Pannel: V8C13S
Innov8 Walk-in Dedicated Shower Tray: RCG177R
Shower Basket: RSB06

Walk-in Shower Enclosure

Bath replacement

Features & Benefits

- Bath replacement Enclosure
- Occupies the same wall dimensions as a standard UK bath (1700 ×700cm)
- Its curvaceous nature bows out to create a spacious and indulgent showering space
- Effortless showering with doors eliminated and sweeping level access
- It imitates a wetroom in its styling, whilst providing a more enclosed showering area
- It has a dedicated shower tray, which is approved for anti-slip properties

Technical Information

ULTRA CARE

All Roman's enclosures and bath screens are pre-coated with Roman Ultra Care, our own unique glass protection system. Pre-coated glass protection systems will always diminish in their effectiveness over time, depending on how often the shower is used and how often it is cleaned. Unlike other systems, Roman Ultra Care in a bottle can be used in tandem with the pre-coat to build up the effectiveness and make it stronger the more you clean.

This results in the protected surface remaining easy to clean by simply applying a mild detergent and wiping with a damp cloth or using a Roman Shower Blade.

By topping up the glass protection system with Roman Ultra Care in a bottle every time you clean, you can significantly reduce the amount of time required to clean your enclosure and bathroom surfaces. Most importantly, you can considerably prolong the life of your Roman product and at the same time do your bit for the environment by eliminating the use of harsh and damaging cleaning products.

946ml Bottle Code: **RUC03**

Buy online at www.romanathome.com

ULTRA CARE BY ROMAN

Make cleaning your bathroom easy with our

Shower, Tile & Bath
Restoration and Maintenance Kit

- **Eliminates hard water and soap scum build-up**
- **Clean and protect your shower in minutes**
- **Restore discoloured glass and maintain the sparkle of your bathroom**

Kit code: **RUC14**

3 Step System includes:

Ultra Scrub
Surface Stain Cleanser

Designed to effectively and easily clean your bathroom surfaces, including Glass, Porcelain, Ceramics and other hard surfaces.

Developed to remove the build-up of minerals, rust, soaps, oils and limescale but without damaging the surface.

Ultra Shield
Glass and Surface Stain Cleanser

Formulated to clean and protect. Ultra Shield can be used on your bathroom surfaces to create a water, soil and stain repellent barrier coating which prevents water, soil and grime from sticking for easier cleaning. This barrier is renewed with each use.

Ultra Care
Glass and Surface Protector

For a long lasting sparkle on bathroom and shower surfaces. Ultra Care is the ultimate surface protector that repels the build-up. Also available in large bottle for ongoing aftercare.

For details of your nearest stockist please contact Roman Customer Relations on **01325 328033** or buy online at **www.romanathome.com**

Wetroom Panels

Collection

Wetroom shower panels are a more open alternative to a shower enclosure, which usually consist of just one glass panel. This can either be positioned in a corner or on a straight wall. Wetroom panels can be installed onto a shower tray, or installed straight down to floor.

Roman's unrivalled Wetroom Collection offers a variety of heights, shapes, glass thicknesses, colours and price points – with a multitude of design options to choose from.

1600 x 800 Corner Fitting

Shower Trays

Collection

Our luxury range of Shower Trays offers the user a choice of installations and shapes and sizes depending on the desired finish.

Our range of low profile Shower Trays are manufactured from solid surface material with a gel coat finish and are naturally Anti-Slip, to the highest standard.

The tray waste is available in a choice of colour finishes to match your bathroom's brassware and shower enclosure – Polished Chrome, Brushed Brass, Matt Black, Brushed Nickel and White.

The Infinity Slate Shower Trays have an authentic slate finish with a textured surface and a stylish load bearing linear waste cover.

Black Grid Mirrors

Our bold industrial style window mirrors will make a statement in any room. These mirrors encapsulate factory chic with an elegant twist presenting a fabulous accent for the industrial trend. The mirrors feature printed glass and are suitable to be used in any room including bathrooms. The mirrors are made with 6mm safety glass.

Cleaning and care guidance:
Treat them like any other mirrored surface, use a lint free cloth and a purposely manufactured cleaning agent, designed for mirrors. Don't use anything abrasive.

SUSTAINABILITY & TESTING

All Roman products meet and exceed approved testing standards. A key facet of sustainability is an adherence to these standards.
The use of substandard materials means they will fail and need to be replaced.

ALUMINIUM & BRASS
100% of Roman aluminium is recycled material.

CARBON NEUTRAL
Roman achieved carbon neutral certification from the Carbon Trust in 2021.

CIRCULAR ECONOMY
Roman's sustainable supply chain focuses on recycling before and after the life of the product.

GLASS
80% of Roman glass is recycled material.

ISO
Introducing the concept of measurement into every process for sustainable manufacturing

MADE IN BRITAIN
All Roman products are proudly Made in Britain.

PACKAGING
All packaging is manufactured from recycled corrugated cardboard.

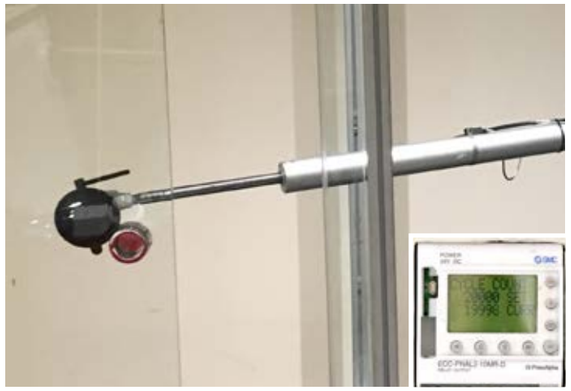

TRAYS
Re-used back to its original value at the end of life.

UNGC
Roman is a committed member of the United Nations Global Compact and their sustainable development goals.

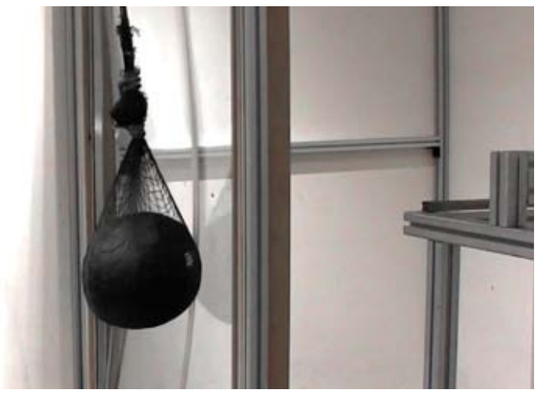

All Roman Products meet and exceed approved testing standards. A key facet of sustainability is adherence to Standards – this is often overlooked. The use of substandard materials or products simply means they will fail and need to be replaced.

ENDURANCE TEST
The shower door is open and closed on a 20,000 cycle to ensure endurance.

WATER RETENTION TEST
High pressure shower is directed at the door to ensure there's no leakage.

STRUCTURAL STABILITY TEST
A ball up to the weight of 50kg is launched into the enclosure to ensure rigidity if there is a fall.

PRODUCT TRACEABILITY
Roman take digital photographs of each product in production and each box has a unique code for 10 years.

Roman's Bespoke Service allows you to build a made to measure Shower Enclosure, Wetroom Panel or Bath Screen, to perfectly suit your available space.

Send us your showering area and ideas and we can help you create a unique environment for yourself.

- Made to measure items which fit almost anywhere
- All products made in accordance with your own measurements
- We endeavour to provide fast and efficient answers to all your questions
- Cost effective solutions
- Many designs to suit all tastes
- Measure and fit service available

Bespoke Services available:

- Reduced height
- Reduced width
- Clear, frosted or printed glass
- Angled/Shaped glass

To order a Bespoke Service all you have to do is simply choose which product you would like, then follow these six easy steps:

1. Take your drawings to your nearest retailer who will fax them to Roman. For your nearest retailer contact Roman Customer Relations on 01325 328033 or visit **www.roman-showers.com**
2. Roman will then send a quotation to your retailer for them to discuss with you
3. If you are happy with this quotation Roman will produce a drawing to illustrate what your final product will look like. Note: Roman will make all drawings in accordance to your measurements and unless otherwise requested, an adjustment allowance will be included. Please specify your adjustment allowance prior to ordering.
4. Roman will then fax the drawing to your retailer who will pass this on to you. This drawing will be in the form of a fax back agreement for you to sign*.
5. Once Roman receives the agreement work will begin on your product.
6. You will receive your product within 5-6 weeks.

*Once this agreement is signed you will be liable for any changes should you cancel your order.

Consumer Guide

Roman shower enclosures have been tested and fully conform to the scope and relevant characteristics of BS EN14428:2015 (Shower Enclosures - Functional requirements and test methods), to meet the requirements of the mandate given under the EU Construction Product Directive (89/106/EEC).

As a result of full compliance to the directive and harmonized standard; Roman shower enclosures carry the 'CE' mark and are accompanied by a declaration of performance. (Available to view on www.roman-showers.com)

The CE marking indicates Roman shower enclosures conform to all essential requirements of European health and safety and environmental protection legislation. The conformity is mandatory, and allows Roman products to be legally placed on the market anywhere in the European Economic Area.

Any newly manufactured products from the 1st January 2021 will have the new UKCA mark applied as per government guidelines.

The UKCA (UK Conformity Assessed) marking is a new UK product marking that will be used for goods being placed on the market in Great Britain (England, Wales and Scotland). It covers most goods which previously required the CE marking.

Please note: this will only apply to any new products manufactured from 1st January 2021, any products held in stock will still be able to display the CE mark.

Additionally all Roman trays fully conform to EN14527:2016.

TRUELIFE LIFETIME GUARANTEE

Important Product Details

- Enclosures and screens carry a Lifetime manufacturer's guarantee if products are installed according to the installation instructions - see guarantee criteria to the right.
- Simple and clear installation instructions are included with all Roman Products.
- Roman products are available for Virtual Worlds design service. For more information contact Roman Customer Relations on 01325 328033.
- Any guarantee variations are indicated separately.
- All guarantee forms supplied with installation instructions must be completed and returned to Roman within 60 days to validate the lifetime guarantee otherwise only a statutory 12 month guarantee will apply.
- All Roman Bath Screens and Enclosures are manufactured using toughened safety glass which complies to BSEN12150.
- All Roman Bath Screens and Enclosures are tested in accordance with BSEN14428 - shower enclosures, functional requirements and test methods.
- Roman's toughened glass is completely safe for use in our shower enclosures and bath screens; providing our products are installed according to our guidelines.
- It is important to note, that the glass must not be mounted or 'pinched' in such a way that would cause a stress point to develop in the glass. In addition, it must not be subjected to any sharp impact or severe temperature fluctuation which may also cause a stress point to develop in the glass.
- Roman's toughened glass is physically and thermally significantly stronger than standard glass. However a significant impact (or stress as outlined above) can cause toughened glass to break. In the event of breakage, toughened glass will break safely into small fragments in line with all relevant standards.
- All heights quoted for enclosures and bath screens are from the top of the shower tray or bath.
- All fixings are hidden on Roman products.
- The term "Silver" and "Nickel" describes the colour of the aluminium finish. No silver metal is included in any Roman products.
- All fixings and pivot pins are manufactured from stainless steel - this adds great strength and durability to Roman products.
- All seals and gaskets on Roman products are manufactured from colourless PVC.
- Roman over-bath products are not designed for baths with shaped or stepped fronts or integral soap dishes.
- The design rights of these products are owned by Roman Limited. All rights reserved.
- Roman recommends only the use of Roman Trays with Roman Shower Enclosures.
- For compatibility of Roman enclosures with steam generators please contact Roman Customer Relations for advice on 01325 328033.
- Where indicated that products are suitable for use with steam generators, this refers to the performance of the product components. We do not however suggest that the product will have complete steam integrity.
- Due to the nature of wetroom panel products, water integrity cannot be guaranteed. Please consult your installer.
- We make every effort to ensure that your product reaches you in perfect condition. However, please be advised that all toughened glass panels are not covered by our guarantee if installed incorrectly or are subject to misuse. Roman's toughened glass is physically and thermally stronger than standard glass. However any significant impact may cause the glass to shatter in as safe a manner as possible and in accordance with the British and European standard (BS EN14428).

Guarantee

Roman Ltd. guarantees all Shower Enclosures,Bath Screens and Roman Solid Surface Trays against faulty materials or manufacture for LIFE, provided they have been installed, used and maintained in accordance with our instructions.
All Roman product guarantees must be completed and returned within 60 days of purchase to validate the relevant guarantee. Failure to meet this deadline will result in a statutory 1 year guarantee on all products.
Should a claim arise, Roman Ltd. Customer Relations will investigate the issue. As part of this investigation we request that the following conditions be satisfied:

1. Proof of purchase at the time of the claim.
2. The guarantee applies to the original purchaser only and is non transferable.
3. The product has been fitted/installed in accordance with Roman Ltd. fixing instructions, local bylaws and general good plumbing practice
4. The product has been maintained and cared for in accordance with our instructions (including regular and appropriate cleaning).

If in our opinion the product has been modified, misused, neglected, wilfully or accidentally damaged, we can accept no responsibility for failure.
Roman Ltd. or its representatives must be given the opportunity to inspect the product in the installed condition. Callouts may be chargeable depending upon circumstances.
Should any products included in the Lifetime guarantee be used for Commercial use i.e. leisure clubs, schools, hospitals, student accommodation, hotels or residential homes, only a 5 year guarantee will be applicable.
If in our opinion the product fails due to faulty materials or manufacture and that the conditions above have been met, Roman Ltd. will arrange for a specialist Roman Technical Sales Representative to repair or replace that item at our option.
Roman Ltd. believes in continuous improvement. If in our opinion the product has failed under the terms of the Guarantee and a replacement is offered but identical goods are no longer available, Roman Ltd. will endeavour to replace it with our nearest equivalent product. For countries outside of the UK and Republic of Ireland, where a product has failed due to faulty materials or manufacture, a replacement product or product part will be offered only.
Should Roman Ltd. carry out work as a result of a claim but subsequently it is revealed that the product has been abused or improperly installed, we reserve the right to charge the customer for the expense incurred.
The liability of Roman Ltd. is limited to the product supplied by Roman Ltd. and does not extend to consequential loss or damage arising from the defective product.
This Guarantee, which is effective for products purchased after February 1st 2006, states our entire liability and is offered to customers acquiring our products as consumers, not in the course of trade or business. Ex displays or products reinstalled from their original position are not covered under this guarantee.
Non glass or metallic parts (e.g. seals) are subject to normal wear and tear through usage and are therefore covered on all products for 1 year from installation.
Roman products not included in the Lifetime Guarantee are Roman Acrylic Trays which are covered for 1 year.
Roman Ultra Care pre-coat is not covered by this guarantee and it must be maintained by applying Ultra Care from a bottle on an ongoing basis.
Commercial projects with specific guarantee requirements can be subject to negotiation and agreement on a project by project basis. Any such agreements must be confirmed in writing prior to product supply or commencement in project works.
This guarantee does not affect your statutory rights.
This guarantee is wholly applicable in the U.K. and Republic of Ireland – export conditions as indicated
