Gailarde

Textile & Homeware Specialists since 1979

Gailarde is a family-run business established in 1979 as a wholesale supplier of textiles. Our core product collections include bedding, linen and towelling. In recent years we have expanded into the provision of homeware, including inventory and welcome packs, soft furnishings and furniture.

Our fundamental principles of putting our customers' needs first have helped us to grow into one of the UK's largest suppliers to the contract market. We hold contracts with major groups across the leisure and hospitality sectors and understand the requirements to effectively service multi-site organisations. We pride ourselves on providing an efficient, reliable service that emphasises a fast response to enquiries and the supply of the right products at competitive prices.

We maintain close working relationships with our factories across the UK and internationally, which provides us with the ability for product development, and ensures all items are sampled, quality checked and tested prior to bulk purchasing or usage. We ensure our market position and quality requirements with our supply chain ahead of customer usage to guarantee the best value and performance of all lines.

Gailarde prides itself on its traditional face-to-face approach and highly values the importance of building relationships. We employ a national team of business development managers, homeware specialists and soft furnishing experts who are on hand to provide bespoke quotations or arrange a visit to customers. This experienced sales team combined with our exceptional customer service team guarantees excellent results for all customers.

GREEN by Gailarde

Our Sustainable Initiatives

Gailarde fully endorse The Sustainable Development Goals (SDGs) established by the UN to guide our principles and actions to achieve a better and more sustainable future for all. We use the online NET Positive Futures supplier toolkit, adopted by over 40 Higher Education Institutions, to support businesses in promoting sustainability in their practices, covering economic, social, ethical and environmental aspects. This tool is pivotal in our company development to ensure we generate ideas and create objectives which demonstrate sustainability development, relevant for our clients.

Our Sustainable Products and Supply Chain

Gailarde are pleased to introduce our new range of sustainable products, marked with our green icon in this brochure. Our collection of high-end cotton products are completely traceable. We encourage better farming practices, developing environmental awareness whilst helping to cultivate better cotton yields. All of our organic cotton products are GOTS (The Global Organic Textile Standard) certified. We ensure our supplier's factories are accredited to internationally recognised standards with a Senior Gailarde representative visiting and auditing the site.

Our Ethical Trading Policy

We recognise the responsibility that we share with our suppliers to source products in an ethical manner. We want our customers to be confident that the people who make our products are treated fairly, are not exploited and are not exposed to unsafe working conditions. Our Ethical Trading Policy is a core element of our commitment to buy and sell our products responsibly.

Our Handling and Packaging

Gailarde have made positive changes to ensure our packaging is recyclable and are currently working towards reducing single-use plastic packaging. We ensure main distributors align with our environmental values and demonstrate the ability to efficiently deliver our goods using innovative collection systems and efficient vehicles.

Our Carbon Footprint and Disposal of Goods

Our responsibility for the environment doesn't stop once we've delivered the goods. Disposing of our products at the end of their life in a way that limits the impact on the environment can be a great challenge to our clients and we are proud to offer a fully managed sustainable collection service that ensures there is no landfill and no carbon footprint. We use over 600 recycling locations across the country meaning reduced mileage and compliance documents are supplied for traceability.

For more information on our Disposal Service or any of our sustainability policies, please contact us on sales@gailarde.com or visit

Welcome...

to the Gailarde Leisure Collection brochure, dedicated to supplying a wide range of products for holiday homes, caravan, holiday & glamping parks, luxury lodges and self-catering accommodation.

We are pleased to share with you our new and improved selection of inventory packs, perfect for holiday rental accommodation. These comprehensive kitchen and homeware packs, in four qualities, are collated to suit every level of accommodation.

With sustainability in mind, Gailarde are committed to offering customers eco-friendly product choices. Turn to page 25 to see our innovative "Green" textile options and read our sustainability policy overview on page 2.

Our Housekeeping Collection, starting on page 26 features bedding, bathroom and housekeeping essentials. As textile specialists, we know that excellent bedding and a well-equipped bathroom complete the holiday experience. Our pillows, duvets, linen and protection alongside our towelling and toiletry options will help you make the right choice for your accommodation.

Remember our friendly sales office team are on hand to help you with any questions or contact your local Business Development Manager about any of our products.

We look forward to hearing from you!
