by ROMAN®

REFINED SHOWERING

MADE IN BRITAIN

THE QUEEN'S AWARDS FOR ENTERPRISE: INTERNATIONAL TRADE 2022

2026

Roman's Haven range of Showers offers you all the qualities you would expect from the Roman Brand - for complete peace of mind. The innovative and affordable Haven range is backed by 41 years of showering experience, offering high quality products complete with a comprehensive after sales service and a Lifetime Guarantee.

All Haven products are designed by Roman's in-house team of Designers to offer a diverse range of contemporary products at an affordable price. The Haven collection is available from 10mm to 6mm glass thickness and encompasses an array of enclosures, a selection of side panels and in-line panels, stylish bath screens, wetroom panels and shower trays. Haven enclosures and bath screens feature toughened safety glass and are available in a choice of colours, which effortlessly and seamlessly complement all bathroom shapes and styles.

Protecting the Environment

Constantly working with our suppliers to maximise the use of recycled materials - **with the ultimate aim of becoming carbon neutral.**

For our full Environmental policy please visit www.roman-showers.com

ROMAN HAS **THREE** CORE ENVIRONMENTAL OBJECTIVES:

1. Reduce energy consumed as a direct proportion of business activity
2. Increase the proportion of recycled waste
3. Reduce and if possible eliminate any harmful emissions, discharges or pollutants generated by the business activity.

Trust

Buy with Confidence

Roman products are designed in the UK, offering the ultimate in quality, precision and craftsmanship. All Roman's manufacturing is carried out at our UK Manufacturing Plant and Headquarters and meet and exceed approved UK and European testing standards.

For complete peace of mind, all Roman Shower Enclosures, Wetroom Panels and Bath Screens are accompanied by a fully service backed Truelife Lifetime Guarantee.

93% OF ALL WASTE **IS RECYCLED**

LANDFILL **REDUCED** **7%** **OF TOTAL WASTE** GENERATED

ALL WASTE IS SEGREGATED INTO **RECYCLABLES & NON-RECYCLABLES**

100% OF ALL PACKAGING **RECYCLED** BEFORE USE

ALUMINIUM IS **100%** **RECYCLED** BEFORE USE

We worked with the Carbon Trust during 2021 in accordance with ISO 14064-3, and we are incredibly proud Roman met the requirements under PAS 2060 after our emissions and operations at our headquarters in County Durham were certified as carbon neutral.

www.carbontrust.com

Carbon CO_2

Vehicles are being updated to Hybrid or full electric (CO_2 emissions between 0-49 kgs per km) throughout the course of the next 2 years. All other vehicles are Euro 6 compliant.

Within our company car fleet we have 7 Hybrid vehicles and one full electric, we have invested heavily in electric point charging at our head office.

Overall company CO_2 reduction since 2016 is 40%.

Roman have an ongoing policy of design, development and improvement and thus reserve the right to modify specification, ranges and prices without prior notice. Images are for illustration purposes only - please refer to your retailer as site conditions will vary or contact Roman Customer Relations on 01325 328033 for installation specifications.

Inswing Door

This cleverly designed Inswing Door is ideal for a confined shower space or small ensuite where protrusion into the room needs to be minimal. The mechanism means that the door effectively opens one third into the room and two thirds remains inside the showering space.

The 800mm, 900mm and 1000mm units are one piece doors offering large access space; whilst the 1200mm option features an integrated Inline Panel. A dedicated Side Panel is available in three sizes should corner installation be required.

800mm Door - **H4I8CS**
Anti-Slip Tray - **RSTG108**

SPECIFICATIONS:

- Minimal projection into bathroom space.
- Chromed plastic end and top caps.
- Smooth inward opening door operation.
- Maximised opening for easy shower access.
- Reversible for left or right hand fixing.

NEW!

1400mm 3 Panel Sliding Door - **H3SA14CS**

3 Panel Sliding Door

The innovative 3 panel sliding door moves as one in a synchronised action. The sliding action is a gliding motion unrivalled in the marketplace. There is no bottom rail at all or threshold and the fixed panel is aligned to the inside edge of the shower tray – with the 2 sliding panels sitting inside the wet area.

The openings offered by the products are huge and offer major benefits for assisted showering or wider access requirements. The 1200mm version has an opening of 671mm which offers easy wheelchair access if required. A dedicated side panel is available if the layout requires a corner installation.

SPECIFICATIONS:

- All 3 panels move together as one
- Magnets hidden behind aluminium profile
- **Large opening for easy shower access**
- Magnetic seal ensures positive close
- Chromed plastic end and top caps
- Reversible for left or right hand fixing

PRODUCT GUARANTEE

Consumer Guide

Roman shower enclosures have been tested and fully conform to the scope and relevant characteristics of BS EN14428:2015 (Shower Enclosures - Functional requirements and test methods), to meet the requirements of the mandate given under the EU Construction Product Directive (89/106/EEC).

As a result of full compliance to the directive and harmonized standard; Roman shower enclosures carry the 'CE' mark and are accompanied by a declaration of performance. (Available to view on www.roman-showers.com)

The CE marking indicates Roman shower enclosures conform to all essential requirements of European health and safety and environmental protection legislation. The conformity is mandatory, and allows Roman products to be legally placed on the market anywhere in the European Economic Area.

As per government guidelines Roman are actively preparing to apply the new UK CA Mark for any newly manufactured products from 1st January 2021. The UKCA (UK Conformity Assessed) marking is a new UK product marking that will be used for goods being placed on the market in Great Britain (England, Wales and Scotland). It covers most goods which previously required the CE marking.

Additionally all Roman trays fully conform to EN14527:2016.

TRUELIFE LIFETIME GUARANTEE

Important Product Details

- Haven Enclosures and Bath Screens carry a lifetime manufacturer's guarantee if products are installed according to the installation instructions - see guarantee criteria to the right.
- Simple and clear installation instructions are included with all Haven Products.
- Any guarantee variations are indicated separately.
- All Haven Enclosures and Bath Screens are manufactured using toughened safety glass which complies to BSEN12150.
- All Haven Enclosures and Bath Screens are tested in accordance with BSEN14428 - Shower enclosures, functional requirements and test methods.
- Roman's toughened glass is completely safe for use in our shower enclosures and bath screens; providing our products are installed according to our guidelines.
- It is important to note, that the glass must not be mounted or 'pinched' in such a way that would cause a stress point to develop in the glass. In addition, it must not be subjected to any sharp impact or severe temperature fluctuation which may also cause a stress point to develop in the glass.
- Roman's toughened glass is physically and thermally significantly stronger than standard glass. However a significant impact (or stress as outlined above) can cause toughened glass to break. In the event of breakage, toughened glass will break safely into small fragments in line with all relevant standards.
- All heights quoted for Enclosures and Bath Screens are from the top of the shower tray or bath.
- All fixings are hidden on Haven products.
- The term "Silver" describes the colour of the aluminium finish. No silver metal is included in any Haven products.
- All fixings and pivot pins are manufactured from stainless steel - this adds great strength and durability to Haven products.
- All seals and gaskets on Haven products are manufactured from colourless PVC.
- Haven over-bath products are not designed for baths with shaped or stepped fronts or integral soap dishes.
- The design rights of these products are owned by Roman Limited. All rights reserved.
- Roman recommends only the use of Roman Trays with Roman Shower Enclosures.
- For compatibility of Haven Enclosures with steam generators please contact Roman Customer Relations for advice on: +44 (0) 1325 328 033.
- Roman Ultra Care pre-coat must be maintained by applying Ultra Care from a bottle on an ongoing basis as it will naturally diminish over time.
- Due to the nature of the Haven Wetroom Panel products, water integrity cannot be guaranteed. Please consult your installer.

Guarantee

Roman Ltd. guarantees all Haven Shower Enclosures and Bath Screens and Roman solid surface trays against faulty materials or manufacture for LIFE, provided they have been installed, used and maintained in accordance with our instructions.

All Roman product guarantees must be completed and returned within 60 days of purchase to validate the relevant guarantee. Failure to meet this deadline will result in a statutory 1 year guarantee on all products.

Should a claim arise Roman Ltd. Customer Relations will investigate the issue. As part of this investigation we request that the following conditions be satisfied:

1. Proof of purchase at the time of the claim.
2. The guarantee applies to the original purchaser only and is non transferable.
3. The product has been fitted / installed in accordance with Haven fixing instructions, local bylaws and general good plumbing practice.
4. The product has been maintained and cared for in accordance with our instructions (including regular and appropriate cleaning).

If in our opinion the product has been modified, misused, neglected, wilfully or accidentally damaged, we can accept no responsibility for failure.

Roman Ltd. or its representatives must be given the opportunity to inspect the product in the installed condition. Callouts may be chargeable depending upon circumstances.

Should any products included in the Lifetime guarantee be used for commercial use i.e. leisure clubs, schools, hospitals, student accommodation, hotels or residential homes, only a 5 year guarantee will be applicable.

If in our opinion the product fails due to faulty materials or manufacture and that the conditions above have been met, Roman Ltd. will arrange for a specialist Roman Technical Sales Representative to repair or replace that item at our option.

Roman Ltd. believes in continuous improvement. If in our opinion the product has failed under the terms of the Guarantee and a replacement is offered but identical goods are no longer available, Roman Ltd will endeavour to replace it with our nearest equivalent product. For countries outside of the UK and Republic of Ireland, where a product has failed due to faulty materials or manufacture, a replacement product or product part will be offered only.

Should Roman Ltd carry out work as a result of a claim but subsequently it is revealed that the product has been abused or improperly installed, we reserve the right to charge the customer for the expense incurred.

The liability of Roman Ltd. is limited to the product supplied by Roman Ltd. and does not extend to consequential loss or damage arising from the defective product.

This Guarantee, which is effective for products purchased after July 1st 2008, states our entire liability and is offered to customers acquiring our products as consumers, not in the course of trade or business. Ex displays or products reinstalled from their original position are not covered under this guarantee.

Non glass or metallic parts (e.g. seals) are subject to normal wear and tear through usage and are therefore covered on all products for 1 year from installation.

Roman Ultra Care pre-coat is not covered by this guarantee and it must be maintained by applying Ultra Care from a bottle on an ongoing basis.

Haven products not included in the Lifetime Guarantee includes the Roman Acrylic Capped Trays which are covered for one year.

This Guarantee does not affect your statutory rights. This Guarantee is wholly applicable in the U.K. and Republic of Ireland – export conditions as indicated.

SUSTAINABILITY

All Roman products meet and exceed approved testing standards. A key facet of sustainability is an adherence to these standards. The use of substandard materials means they will fail and need to be replaced.

ALUMINIUM & BRASS
100% of Roman aluminium is recycled material.

CARBON NEUTRAL
Roman achieved carbon neutral certification from the Carbon Trust in 2021.

CIRCULAR ECONOMY
Roman's sustainable supply chain focuses on recycling before and after the life of the product.

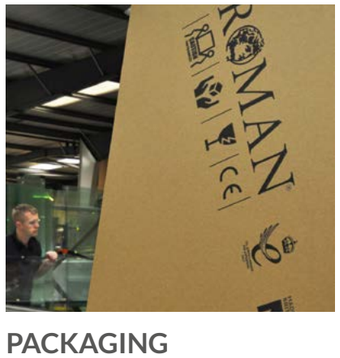

GLASS
80% of Roman glass is recycled material.

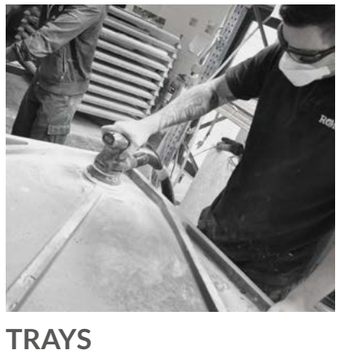

ISO
Introducing the concept of measurement into every process for sustainable manufacturing

MADE IN BRITAIN
All Roman products are proudly Made in Britain.

PACKAGING
All packaging is manufactured from recycled corrugated cardboard.

TRAYS
Re-used back to its original value at the end of life.

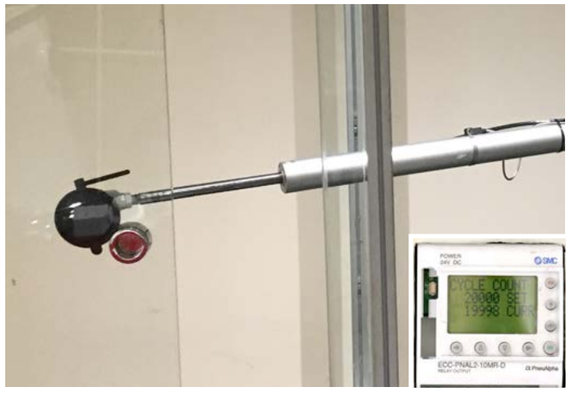

UNGC
Roman is a committed member of the United Nations Global Compact and their sustainable development goals.

CE UKCA

All Roman Products meet and exceed approved testing standards. A key facet of sustainability is adherence to Standards – this is often overlooked. The use of substandard materials or products simply means they will fail and need to be replaced.

ENDURANCE TEST
The shower door is open and closed on a 20,000 cycle to ensure endurance.

WATER RETENTION TEST
High pressure shower is directed at the door to ensure there's no leakage.

STRUCTURAL STABILITY TEST
A ball up to the weight of 50kg is launched into the enclosure to ensure rigidity if there is a fall.

PRODUCT TRACEABILITY
Roman take digital photographs of each product in production and each box has a unique code for 10 years.
