FRACTURED EARTH

An Inspirational Collection

Fractured Earth

With nature's balance under threat & time for positive change short, Fractured Earth looks to the remarkable patterns drawn by land, sea and air in a collection of expressive designs.

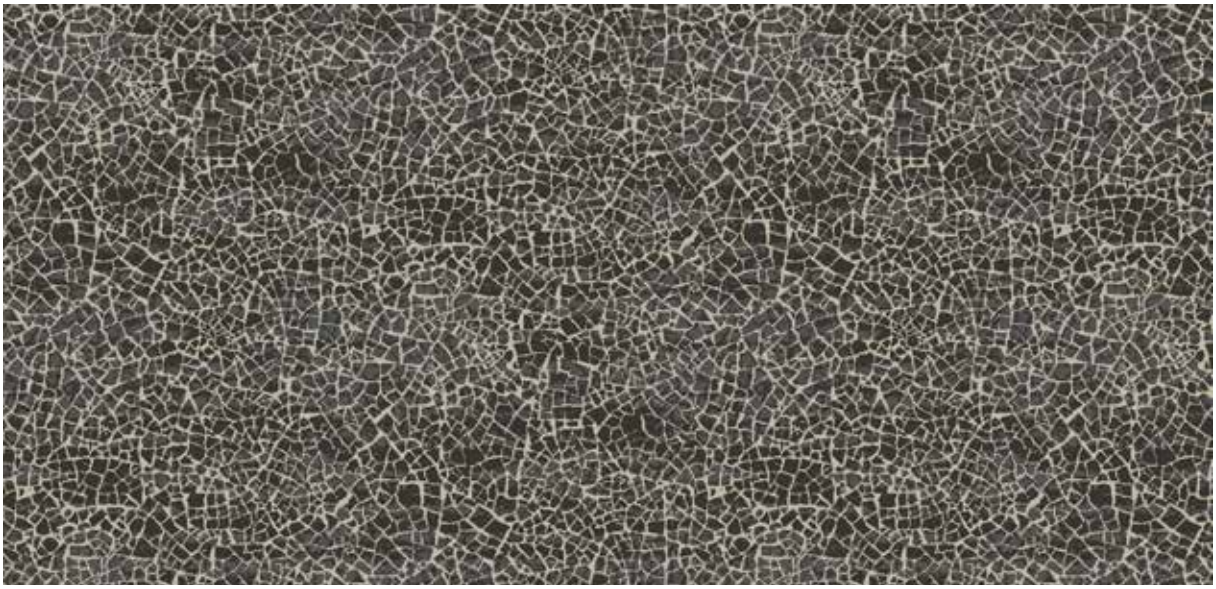

From sun-baked river beds, crests of rushing tides, gathering storm clouds, cracking ice and leaf-bare autumn branches; this is a collection with close connection to nature.

Explore this collection, offered as inspiration. Each design can be re-scaled and re-coloured to suit your interior scheme, then woven in the quality to suit your requirements in our Wiltshire factory.
