FURNITURE THAT WORKS

VOLUME II

www.thecontractchair.co.uk

The Contract Chair Company (TC3)

The Contract Chair Company supplies attractive, good quality European furniture. We work with world-leading design practices as well as owners and managers of fashionable and popular hotels, restaurants and cafés, student accommodation blocks, cruise liners and other hospitality venues.

We offer an industry-beating **choice** of products and pride ourselves on the **convenience** of our website and showroom, as well as the long-term **continuity** of our customer relationships.

Our 5,000ft^2 Hammersmith working showroom is designed to help our customers choose furniture; it contains sample chairs and tables galore, fabric books, wood samples and swatches.

Our easy-to-use website showcases our ever increasing furniture ranges, all with up-to-date prices and includes a 'scrapbook' feature, which makes specifying quick and easy.

The Contract Chair Co is largely owned by cousins Charles Nicholson and James Ketteringham, who have worked in the industry since the 1990s. Our experienced team has a wealth of furniture knowledge and a real enthusiasm for the products we supply.

We hope that you enjoy this book and that it gives you inspiration and ideas for your next project. Please do also visit our website or get in touch.

WEBSITE

Specifying the right furniture at the right price for a hospitality project can be complicated and time consuming. Our website has the tools to make specifying easy.

Our scrapbooks are a really convenient way to quickly choose, price and organise furniture for your projects. Once chosen, you can group your selections and it's simple to shuffle products and groups. You can keep the whole project within your budget by including or excluding lines from your running total. You can have as many scrapbooks as you like, which you can share or export.

All this is supported by accurate and up-to-date prices, which are also volume-responsive; no need to wait for a supplier to get back to you.
Make your choices from our constantly expanding range of furniture, sourced from across Europe.

Use the sophisticated filters that allow you to quickly narrow down your selection. Visit www.thecontractchair.co.uk to try it out.

SHOWROOM

Please visit our large working showroom in Hammersmith, London. We welcome the chance to talk you through our extensive sample ranges and to inform and inspire you.

Our showroom features:

- An ever-changing collection of more than 500 chairs and tables
- An extensive fabric library and a myriad of swatches
- Easy access from the Tube; we are beside Ravenscourt Park and a short walk from Hammersmith
- Free parking space and great road connections

You can establish which furniture samples we have in the showroom by using the “Sample Available” checkbox in the left hand search filters column on our website. Please call to check availability before your visit as samples are often lent to our customers.
