About Renray

Renray Healthcare is an approved NHS supplier with over 50 years' experience of manufacturing and supplying high quality furniture including patient and visitor chairs, lockers, overbed tables and more to the NHS.

Many products have been designed to meet the requirements of modern healthcare and hospital environments, incorporating design features to address infection control issues, reduce manual handling and pressure sore risks, and enhance patient comfort and wellbeing.

The increasing need for hospital furniture to withstand the stresses and strains of everyday life is imperative within the NHS. With rigorous research and development, we are constantly meeting this demand with our ranges of furniture.

We manufacture and assemble our healthcare furniture in our own purpose built factory in Winsford, Cheshire, as well as in Europe, to British Standards. Hence we are able to ensure that your furniture is produced to the highest standards and we work with you to arrange, plan and meet your time schedule and budget.

Whether you are looking for a complete revamp of your hospital ward or looking to add some colour to your waiting area, our experienced sales staff are available to offer comprehensive advice on the most suitable furniture and upholstery fabrics to meet your needs.

Denver box bed

The Denver box bed is designed to accommodate the needs of a more challenging environment.

Features:
- 18mm thickness
- Security screws.

Code	Description	Height (mm)	Width (mm)	Depth (mm)
DENSB971CE	Box bed for challenging environment	460	971	1962

Jet bed

The Jet bed has been specifically designed to provide a furniture solution for mental health facilities to combat cleaning and security problems associated with box beds, foam beds and more traditional style beds.

JETBASE 21" Deep crib 5 foam base to be used under jet mat

JETBEDCE Jet bed challenging environment

Features:

- Profiled leg
- Head and foot panels integral
- Reduced lip
- Easier to move compared to box beds
- 18mm solid wood internal structure
- All panels laminated MDF
- All edges in floor facing lacquered
- No PVC taped edges
- Optionally sealed during construction
- No visible screws.

Benefits:

- Reduced ligature risk when bed stood on end
- Reduced risk of head and foot panels being 'kicked' off as part of the solid structure
- Easy cleaning, infection control friendly
- Enables deep cleaning and security inspections
- Solid, heavy and robust
- Hard wearing, scratch resistant and fully wipeable
- Prevent water ingress, easy cleaning, tamper proof
- More durable, no fluid ingress, tamper proof
- Less risk of 'picking', more reliable solution
- No risk of tampering, safe and secure.

High performance fabrics for a ward environment

Amongst our extensive range of vinyl and impervious fabrics, we offer a number of anti-microbial options that are effective against MRSA as well as E.coli, Listeria, Salmonella, Legionella and other similar bacteria.

Benefits of vinyl fabrics include: waterproof, anti-microbial, anti-fungal, bleach cleanable, flame retardant and scratch resistant. Our fabrics are suitable to be cleaned with the following products: Antichlor, Antichlor Plus, Haz Tabs, Chlor Clean, 70% Alcohol Wipes (Caveat: Check with your IPC department which cleaning products you are allowed to use).

For sample swatches or copies of the cleaning/care instructions on your chosen fabrics please contact our Sales Office on **01606 593456.**

Cleaning Guide

Source: http://www.panaz.com/media/site-downloads/CARE__MAINTENANCE_OF_UPHOLSTERY_updated_.pdf

Provided by Panaz Fabrics

Care and maintenance of vinyl upholstery*

01. Wipe clean regularly with a microfibre cloth to remove dust particles and light soiling.
02. Remove spillages promptly with an absorbent dry cloth.
03. For general soiling, use a microfibre cloth (taking care to avoid abrasive damage to surface) and tepid soapy water (non-alkaline).
04. Rinse clean with water and dry with an absorbent cloth.
05. Bodily fluids should be removed promptly within 15 minutes with cold water and then cleaned as above.
06. Extreme soiling/infection control purposes use a 5% sodium hypochlorite bleach solution, Haz Tabs or Chlorclean.
07. Steam cleaning is an effective sanitizer as are Haz Tabs and Chlorclean but is not a good cleaner. A wipe with a cloth, preferably microfibre, and water is more effective for actual cleaning. Steam and heat from steam cleaners actually seal in oily residues from bodily fluids, etc. If steam cleaning is essential, use infrequently for emergency infection control purposes only and in accordance with the machine manufacturer's recommendations. As we are unable to comment on the variety of machines in the marketplace or on the operator's handling, care should be taken for the sake of both the upholstery fabric and the wooden frame and we are unable to guarantee these.
08. Do not machine wash or dry clean.
09. Do not use furniture polish, stain remover or solvents.
10. Remove indigo dye from denim and canvas garments immediately as they will produce permanent staining if not dealt with promptly.
11. Do not use a felt tip or ball-point pen to mark.

*Refer to fabric manufacturer's guidelines

Express delivery

Certain items are available for express delivery from stock and can be with you within 15 business days from receipt of order. For these Express Delivery items, look out for the special icon which is shown next to the relevant products.

A full turnkey solution

Renray are specialists in providing a complete turnkey package, ranging from chairs and tables, patient bedside furniture plus specialised seating, beds and mattresses. The package also includes free room placement, free delivery, full project management, relevant product training and removal of waste materials.

Visit our showrooms

To help you make your decision, visit our showrooms where you can view and try out our furniture. The showrooms are located at our head office, just off junction 18 of the M6 in Winsford, Cheshire.

To arrange a visit please contact our Sales Office on **01606 593456.**

Order delivery

Delivery is generally between 4 to 6 weeks after receipt of your order. Please enquire if a quicker delivery is required (see page 83 for Express Delivery details).

All orders are delivered by our own fleet of lorries and wagons and installed by our experienced,DBS checked uniformed staff.

Quotations and samples

For a competitive quotation, please contact our Sales Office on 01606 593456. One of our nationally based Area Sales Managers will be happy to arrange a meeting at a location of your choice to discuss your needs. Furniture samples can be made available to you and delivered for a two week trial period.

After sales service

If you have any further needs after your order has been delivered, or any comments and suggestions, please contact us. We value the ongoing relationship we have with our customers.

See pages 82-83 for information on fabrics and express delivery

Renray credentials

When you work with Renray, you're in very good company and here's why...

Certifications

When ordering any Renray product, you have the peace of mind of knowing that we have been audited and accredited and have the necessary standards and business controls in place. These are the professional business standards when dealing with at risk and vulnerable clients.

ISO 9001 - Quality Management System

ISO 14001 - Environmental Management System

ISO 18001 - Health and Safety Management System

FSC - FSC® - Forestry Stewardship Council®
Our policy is to provide and maintain working practices that have the least detrimental effect on the global environment. We operate a lean manufacturing process whereby all our products are made to order by our highly skilled workforce. Look out for our FSC®-certified products.

CHAS - The Contractors Health and Safety Assessment Scheme

BCFA - British Contract Furnishing Association

Professionally made

With over 50 years' experience behind us, our craftsmen consistently produce quality furniture and interiors from our own factories, based in the UK and Europe. Together, these total over 100,000 sq.ft of production space.

Renray products are independently tested and manufactured in accordance with recognised British standards.

These nationally recognised standards include:

- BS 5852 Part 2, Crib 5 Flame Retardancy
- BS EN 16139:2013 Strength, Durability & Safety. Non-domestic Seating
- BS EN 15372:2008 Strength, Durability & Seating. Non-domestic tables
- BS EN 16121:2013 Non-domestic storage. Safety, Strength, Durability & Stability
- BS EN 7176:2007 Resistance to Ignition
- BS 5867-2 type B & C Fabric for curtains, drapes & blinds
- BS 7177:2008 Resistance against ignition of mattresses, mattress pads, divans and bed bases.

Carefully installed

Renray have an in-house logistics team who co-ordinate and manage a weekly delivery service to all areas of the UK and Ireland, from our 38 swap body fleet.

Products are delivered by our own team of experienced DBS checked, uniformed drivers.

Free room placement, unpacking and packaging removal.

Highly trained staff with many years experience in the careful treatment of installing turnkey solutions.
