FURNITURE THAT WORKS

THE CONTRACT CHAIR CO.

FURNITURE THAT WORKS

VOLUME III

www.thecontractchair.co.uk

The Contract Chair Company (TC3)

The Contract Chair Company supplies attractive, good quality European furniture. We work with world-leading design practices as well as owners and managers of fashionable and popular hotels, restaurants and cafés, student accommodation blocks, cruise liners and other hospitality venues.

We have numerous loyal customers, including many of the industry's biggest names, to whom we deliver more than 1,000 products each week. We make steady, meaningful investment in professional staff and technology and are deemed highly credit-worthy by credit checking agencies.

We offer better, newer furniture, with thousands of products available online, for all hospitality sectors, from over 300 trustworthy EU and UK suppliers. New products are introduced every working day, reacting to market trends. We also offer a bespoke production capability.

We have made the 'specifying to delivery' process quick and easy; product prices on our industry-leading website are updated automatically every day; the website also has state-of-art product search and filter tools, educational blog articles and 'scrapbooks' for gathering and organising products in handy formats. Designers and their clients are welcome to visit our central London showroom, which contains over 500 product samples (all available to be sent-out to customers), a large fabric library and material + swatch collections.

Our enthusiastic, professional account managers provide long-term help and support; we have a dedicated team managing our logistics, as well as professional installation specialists. Our customer care team is focussed on quickly solving after-sale furniture issues – and of course we have ample public and product liability insurance.

The Contract Chair Co. is largely owned by Charles Nicholson and James Ketteringham, who have worked in the industry since the 1990s. Our experienced team, numbering over 40, has a wealth of furniture knowledge and a real enthusiasm for the products we supply.

We hope you enjoy our Look Book.

WEBSITE

Specifying the right furniture at the right price for a hospitality project can be complicated and time consuming. Our website has the tools to make specifying easy.

Our scrapbooks are a really convenient way to quickly choose, price and organise furniture for your projects. Once chosen, you can group your selections and it's simple to shuffle products and groups. You can keep the whole project within your budget by including or excluding lines from your running total. You can have as many scrapbooks as you like, which you can share or export.

All this is supported by accurate and up-to-date prices, which are also volume-responsive; no need to wait for a supplier to get back to you.
Make your choices from our constantly expanding range of furniture, sourced from across Europe.

Use the sophisticated filters that allow you to quickly narrow down your selection. Visit www.thecontractchair.co.uk to try it out.

SHOWROOM

Please visit our large working showroom in Hammersmith, London. We welcome the chance to talk you through our extensive sample ranges and to inform and inspire you.

Our showroom features:

- An ever-changing collection of more than 500 chairs and tables
- An extensive fabric library and a myriad of swatches
- Easy access from the Tube; we are beside Ravenscourt Park and a short walk from Hammersmith
- Free parking space and great road connections

You can establish which furniture samples we have in the showroom by using the 'Sample Available' check-box in the left hand search filters column on our website. Please call to check availability before your visit as samples are often lent to our customers.
