TRENDS IN THE WORKPLACE ARE DRIVEN BY ADAPTABILITY WITH THE FOCUS ON COMFORT AND WELLBEING. EMBRACE THESE CHANGES.

THE GRESHAM COLLECTION

Welcome to The Gresham Collection, a celebration of traditional, quality British craftsmanship combined with the flair of contemporary design. From our extensive product range of office desking, seating, storage, screens and pods, leisure and breakout furniture, this collection has been curated to showcase an array of stand out, inspiring pieces. Our furniture combines supreme functionality, resourceful design and quality manufacturing to offer an all-inclusive solution to your furniture requirements that not only creates a good environment but promotes a great experience.

GRESHAM
ABOUT US

Since 1976, we have dedicated ourselves to providing workspace furniture of the highest quality. We are proud of our reputation as a leading British designer and manufacturer of beautiful yet practical pieces for clients in the corporate sector and beyond. Each item of furniture we produce undergoes an intensive process at our state-of-the-art facility, from concept to prototype to assembly, guided by our skilled in-house team of designers, engineers and production specialists.

MADE IN BRITAIN

GRESHAM
OUR CLIENTS

We've collaborated with a wide range of clients from different sectors and regions, ranging across public sector, private sector, local and national authorities and educational organisations. Bentley, BBC, Manchester United, Aon, and the NHS are just some of the companies who we have been proud to work with. We aim to uphold a reputable relationship with our clients which enables us to receive repeated business, exceptional feedback and new customers through word of mouth.

MESA
DESKING

Mesa and Mesa Plus are stripped-back bench desking ranges that combine strength with ease of assembly and use. Both feature 45mm scalloped tops for cable access and shared componentry for cost effective cluster solutions. Available in a variety of footprints, from rectangular to double wave managerial workstations, meeting tables, and meeting ends and with a choice of powder coated steel legs or beech wooden legs.

RISE SQUARED
DESKING

The Rise family of products as been designed to bring true sit/stand capability to the ever-changing workplace. Each model can be quickly adjusted to suit users' height requirements whilst offering both health and lifestyle benefits. Available in our most popular footprints and with a selection of control options, Rise offers simple flexibility. From compact forms to larger spans, Rise can be used independently or positioned in clusters, giving both individuals and teams the ability to fine-tune their levels.

GD10
TABLES

Form beautifully meets function in the GD10 wooden table. The wide table top is supported by sturdy leg posts, and the piece is available in a range of dimensions to accommodate your needs comfortably, with plenty of room for all. The GD10's chic silhouette is well-suited for employee lounges, meeting rooms or collaborative workspaces and can be fitted with shelving, storage, cable management, service modules, lighting and power solutions.

GD1
TABLES

This striking family of tables brings both sophistication and functionality to breakout spaces, agile working areas or places where you simply want to connect for those ‘away-from-desk’ activities. Available in two height options and a selection of footprints and finishes, GD1 is at home in any working landscape. The elegantly angled legs are produced in solid wood with an option for cleverly concealed cable control. Work-surfaces have softened corners and can feature integrated modules that bring all necessary services to each user.

MOMENT
TABLES

Sophistication meets practicality with the multi-functional Moment Table. Designed for a sleek, contemporary office space. You can choose the clean silhouette of a steel leg or a warm and inviting feel with a wooden leg. No matter the environment you crave to create, Moment has the ability to blend into its surroundings flawlessly. The large format version of the Moment Table allows more users to convene around its practical, comfortable shape; with the addition of useful extras from the likes of cable management and power modules to stay connected.

DECK
TABLES

Deck is a timeless bench table and seating collection that boasts effortless sophistication and stylish simplicity. With its crisp, clean lines and distinctive finishes, the Deck collections' versatility can perfectly fulfil modern workplace requirements. The Deck collection is an ideal choice for office and leisure environments. Its flexibility facilitates individual work and collaborative discussions, whilst making it even easier for employees and executives alike to move seamlessly from one activity or project to another.

GC4
TABLES

The GC4 tilt top table range features a number of innovative designs for today's collaborative office environments. The generous workspace comes in a variety of shapes and sizes so there's room for your entire team, the mobile units are designed with the frames positioned to the ends of the table to allow users to sit comfortably on both sides. The static versions have inset frames, allowing users to sit on all sides. When folded, the GC4 tables nest for easy storage and portability, and the clean silhouette complements any space.

IMEDIA
TABLES

iMedia is a table range designed to facilitate group interaction, whether used for presentations, as a research resource or collaborative work. They can be used to mount display monitors, house I.T. equipment and promote connectivity. The range is offered in two standard worksurface heights to suit standing and stool users, or lower seated users and the worksurface is available in three standard footprints that can be tailored to meet your requirements.

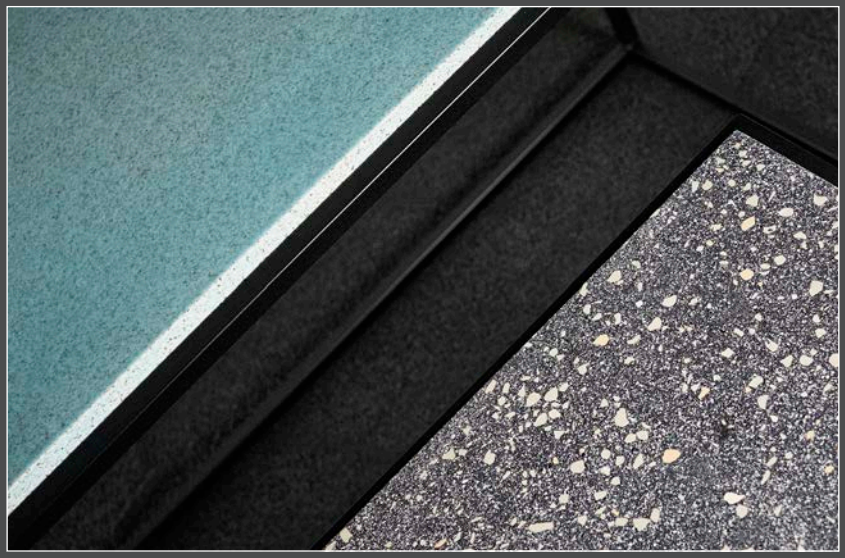

STEPS
TABLES

The Steps table is part of an award-winning family. It pairs seamlessly with the lounge and compact Steps chairs to create distinct and effortless elegance. Available in all MFC and Laminate options and offered with a 4 star steel ‘blade’ frame or a 4 star aluminium ‘pyramid’ frame, with three footprints in coffee or lounge height, you are bound to find a suitable addition to your break out space.

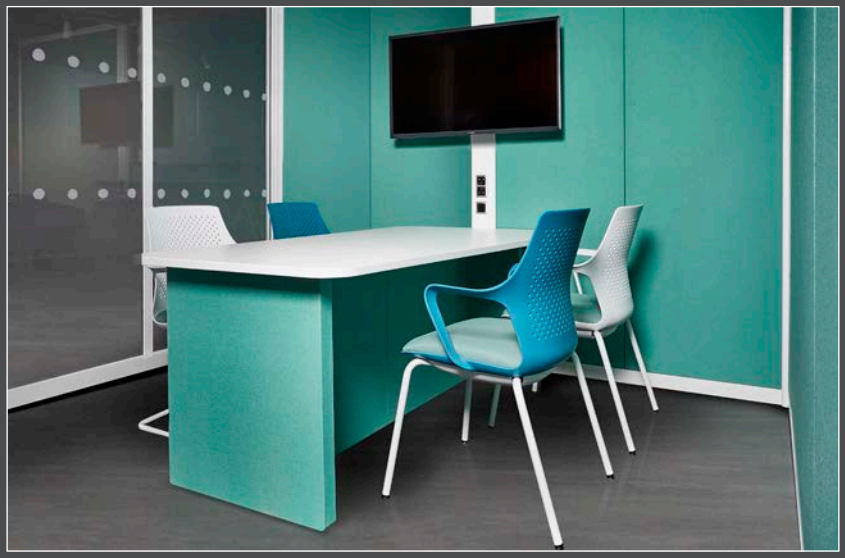

GD27
TABLES

GD27 is an industrial inspired, rustic style table collection with a square steel tube frame. Its sturdy, slim profile taps into the current trend for all things industrial. Available in two footprints and two sizes to use as a contemporary sofa end table or sleek coffee table in any living or commercial space. Metal framed tables have never looked so good. Available in all MFC options or with new Silicastone tops by Alusid.

MIRAGE HAZE
SCREENS & PODS

Mirage Haze is a customisable alternative for break-out spaces. The metal framework can be specified to create boundless potentials of shapes and sizes to suit the ergonomic needs of the office environment. Walls can be specified in a trio of finishes, including upholstery, glass and laminate (available on request). Enhanced by the addition of sound-absorbing ceiling tiles, infrared lighting technology, and fans that provide air circulation, this pod's space utilisation is decisively maximised.

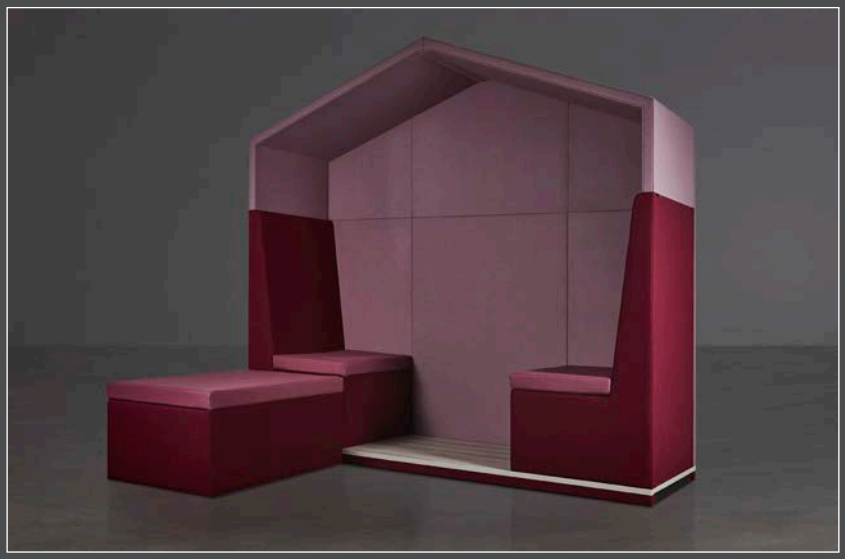

MIRAGE PODS
SCREENS & PODS

The Mirage family of acoustic pods has been introduced to meet the demands of modern adaptable workspaces. Their ability to create free standing structures enclosing new spaces within existing environments frees specifiers from the constraints of their buildings whilst Mirage's diversity adds greater flexibility of use for constantly evolving environments. The Mirage Pod range is split into six different families of Pods; Gobi, Sonoran, Atacama, Sahara, Colorado and Karakum.

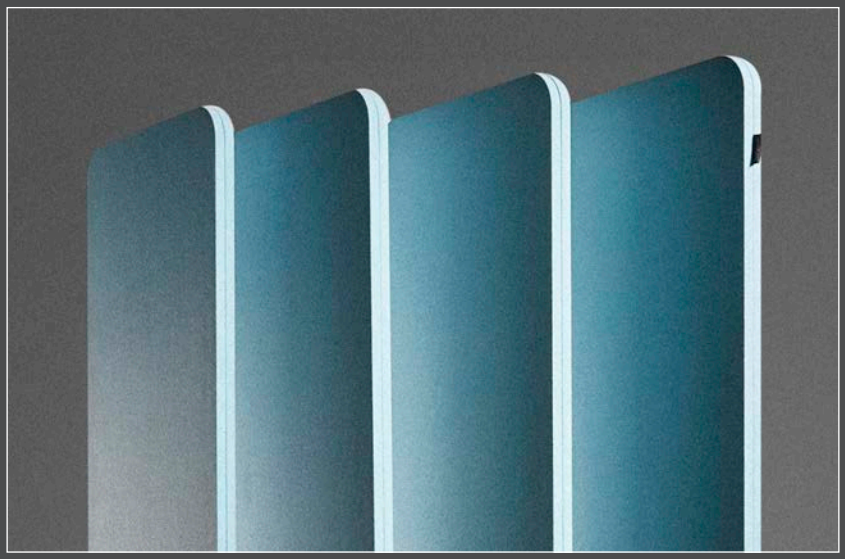

GE MOBILE
SCREENS & PODS

GE Mobile Pods are one of a kind in flexibility and sociability. Create a customisable meeting space with pods on castors. Place multiple pieces together to construct a hut, add a table for ease of discussion of paperwork, add a back wall to mount a TV for interactive presentations or simply fill with centre cubes to form a comfortable way to collaborate. Personalise your away-from-desk space with a selection of fabrics and MFC finishes that create a fun and informal way to socialise.

GE6 STATIC & MOBILE SCREENS & PODS

A range of floor standing screens enables open plan area to be segregated into flexible work environments that can be reconfigured easily as requirements change. Available in two widths and various heights, mobile or static. GE6 can be used to partition offices to create collaborative areas. These slim-line screens can be upholstered in a choice of vibrant fabrics that not only help to delineate user space but also can add colour highlights in modern workspace environments.

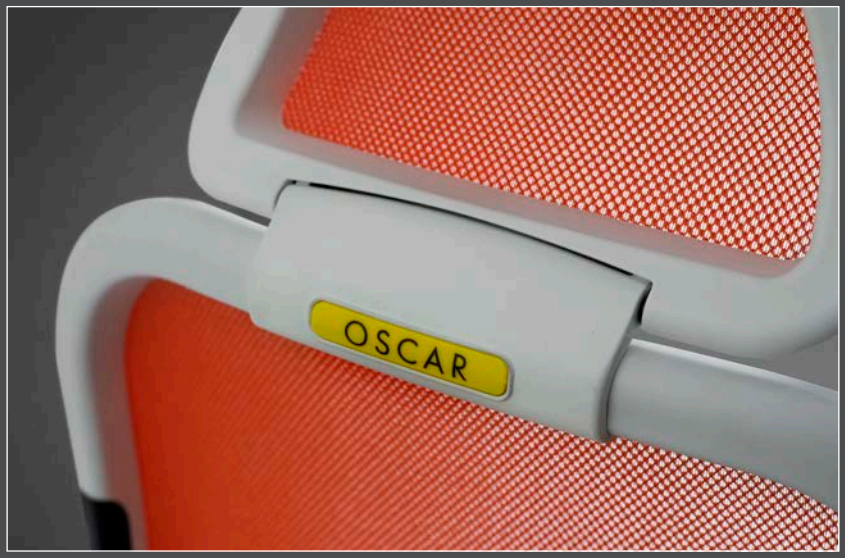

KAST
SEATING

Kast is characterised by a single piece shell with a choice of mechanism which is concealed within the seat and simply adjusted by semi concealed triggers. Kast's strength lies in its innovative high resistance inner structure, adding to the environmental story of the chair. Available with or without elegant die-cast aluminium armrests in a selection of colours which move with the body of the chair.

OSCAR
SEATING

Oscar makes light work of long days at the office. Its sleek, modern styling cleverly hides innovative flexibility. Interchangeable backrests allow you to personalise your chair. Choose from a rainbow of colour options across frame, back panel, optional sprung headrest and seat. Lumbar support comes as standard and it's easy to adjust. Comfortable and dependable, every office needs an Oscar.

OSCAR

PLATINUM MESH SEATING

Platinum Mesh offers all of the features and ergonomic benefits of our Platinum range, whilst providing a modern mesh back that refines to the shape of the users back providing superior relaxation. At the press of a lever, seamlessly adjust the seat height and back angle and fine-tune its integral lumbar support for added comfort and ease at your desk. Add a flexible headrest for more comfortable 24/7 use.

BITE CLUB

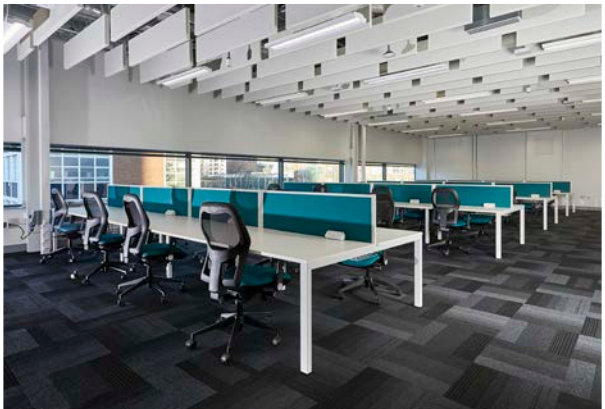

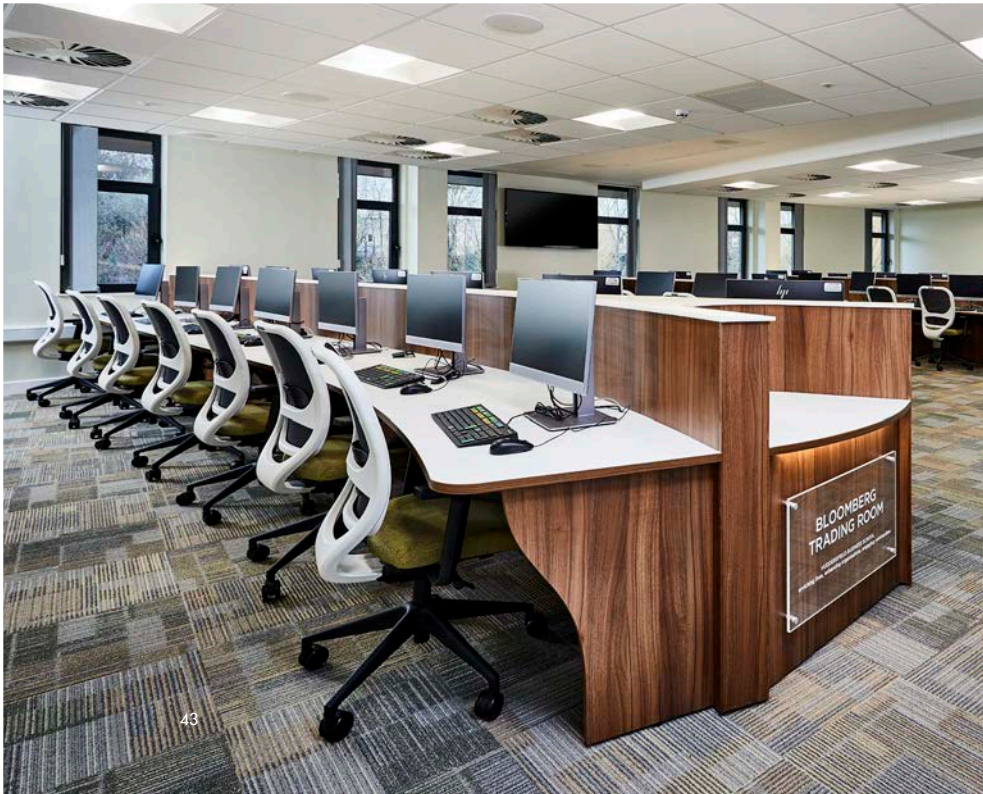

BLOOMBERG
TRADING ROOM

LS37
SEATING

Thanks to its active movement, LS37 helps to provide a healthy sitting experience. With its' smooth motion and practicality, the pivoting base allows the user to sit with an open leg angle which helps to alleviate pressure placed on hips and lower back, as well as feet, ankles and legs; comparative to the detriment of sitting with a traditional posture. The stool can also be used as a 'perch' when using a Sit/Stand desk with its height-adjustable column.

GC7
SEATING

The GC7 range of chairs offers comfort and flexibility with a sleek profile ideally suited to today's modern office spaces. Our GC7 chairs are available in four different coloured shells with integrated armrests and a gracefully curved backrest for optimal support. We make it easy to create a totally customised look for your workspace by offering eight interchangeable base options and a number of seat upholstery choices.

THEIA
SEATING

The Theia family of chairs is ideal for classrooms, conferences and meetings and is available with or without arms in a range of plastic colours or upholstered seat pads and backs. Its classic chrome-plated sled frame ensures it is easy to move and relocate, which reduces scratches on solid floor surfaces and allows for ease of glide on carpets. At stool height, it sits effortlessly at poseur tables and breakfast bars.

LC11
SEATING

The LC11 collection is a contemporary family of chairs offering an elegantly curved, single-piece shell with a variety of frame possibilities. The sculpted polymer shell is available in an assortment of colours or can be specified in a selection of upholstery fabrics, whilst it's clean-lined sled frame, sleek 4-star or 5-star frame, warm wooden 4 leg or stool frame and hardwearing chrome 4 leg or sled frame allow for a plethora of possibilities.

LG33
SEATING

The LG33 collection has been refined to add modern style, comfort and practicality to any interior. Beautiful design is complemented by utilising polypropylene to provide a lightweight yet strong model that will stand the test of time. These chairs surround users in their organic curves, adding to the feeling of comfort. Available in a sophisticated rod skid frame or a natural warm wooden 4 leg frame.

LG38
SEATING

Ultra-modern, the LG38 chair has a smooth polypropylene seat with contrasting black wooden legs with a reinforced steel ‘K’ frame detail. Its comfortable egg-shaped shell is a robust, reliable build that you can relax in. An ergonomic design, the tapered legs and curved seat have a mid-century style to create a laid-back look in any space. Choose from four complementary colours to mix and match to suit any décor.

VONA
SEATING

Vona is a response to the human need to reduce our carbon footprint on the planet, and to rediscover waste as an industrial material of the future. Re-thinking a new philosophy of socially responsible, sustainable design, this simple but unique chair is constructed with recycled Felt (60% recycled PP bottles and 40% non-woven textile). Vona is a conference chair that can be stored into vertical stacks. The seat consists of ergonomic triangular plates allowing comfortable sitting by adapting to the body.

LG31
SEATING

Perfect for cafés, bistros and restaurants, LG31 is a family of single-piece laminated shell chairs and stools in a choice of classic styles. Its lightweight construction and classic sled frame ensure it is easy to move and relocate, which reduces scratches on solid floor surfaces and allows for ease of glide on carpets. For improved comfort, add an upholstered seat pad to create a warmer feel.

GD2 STOOLS
SEATING

This retro-modern family of stools offers the perfect solution when wanting style with substance. The solid wood frames are offered in natural or stained options which allows them to blend seamlessly with away-from-desk lifestyle surroundings; whilst the seats can be specified in a show-wood or with an upholstered seat pad. Both of which create a warmer office environment. Available in low or high models to suit dining or poseur height tables.

GD3 STOOLS
SEATING

This stylishly simple family of stools offer visually light-weight models that are at home in break-out or modern working environments alike. Their fully upholstered seats can be specified in a selection of vibrant or muted toned fabrics to blend or accentuate the colours around them. Sit the classic high model with a poseur or breakfast bar or meet the low model with a coffee or lounge table to create a contemporary away-from-desk space.

STEPS
SEATING

Steps is an award-winning reinvention of the popular lounge chair design. It redefines the sitting experience with its sweeping curves, distinct profile and soft cushioned shell offering luxurious comfort and effortless elegance. The family includes the classic lounge chair, with an optional high, wing-backed headrest, which is perfect for executive breakout spaces or reception areas where style is paramount, as well as a compact version ideal for meeting rooms and foyers.

BETSY
SEATING

Betsy has been designed as a contemporary tub lounge chair collection with compelling sweeping curves, existing in a selection of stylish bases and frames. Available in single and two seat variants, the Betsy family can be used throughout corporate environments where comfort and light-weight visual style is key. Betsy is a quirky and sophisticated piece, with the capability of adding two-toned upholstery to detail personality and character.

ADORE
SEATING

As the name suggests, you'll love this family of contemporary lounge chairs. This multi-functional range of soft seating offers a concave shell that holds you in place for a relaxing sit. Adore will add a touch of style to any informal meeting or breakout space. The light and elegant steel sled base delivers a minimalist aesthetic, while the distinctive curved seat is as comfortable as it looks. Ideal for office breakout areas, reception and meeting spaces.

LG30
SEATING

The LG30 Classic lounge chair offers the ultimate in style and comfort for waiting rooms, reception areas, hospitality and modern workspaces. With lacquered wooden legs and a durable upholstered shell in a range of fabric options, this soft seating option is a fresh alternative to conventional lounge or reception seating. The simple, clean silhouette of the LG30 Classic chair suits virtually any interior for a modern, updated look.

SOUND STATION
SEATING

The Sound Station is a multi-purpose piece, a sound cocoon, allowing the user a comfortable and uninterrupted experience whilst making phone calls or listening to music in the office or in public spaces. Sound Station features a high-quality Bose 2.1 speaker system with an integrated subwoofer under the seating area. The satellite speakers are located at the upper front part of the chair, creating a system that connects to your mobile, tablet or laptop computer wirelessly using Bluetooth or Apple's AirPlay technology.

ALVIER
SEATING

Alvier's visual character comes from its one-piece body with foam seat and fixed back cushions that create an understated yet elegant design signature. Presented in a solid wood frame, stylish steel sled frame or modern steel tube frame, this retro-chic lifestyle seating with matching coffee tables makes the perfect collection for breakout, reception, hotel lobby or executive office environments that are true to chic style.

GALLEN
SEATING

The Gallen sofa system, a mix of comfort and style, is an elegant modular range that combines a traditional button-back cushion with the sharp lines of a modern contemporary shape with distinct flair and form. With the demand for power on-the-go, Gallen is offered with seamlessly integrated power modules, forming an easily accessible power outlet. This sofa range allows the creation of dynamic layouts suitable for busy work, public or hospitality spaces.

TAKE UP
SEATING

Create your own environment with this acoustic, high-backed sofa and booth system. Perfect whether needing privacy, wanting to socialise or function within a considered environment. Available in three height options, with and without arms, integrated tables and technology, this modular system offers endless configuration possibilities. Take Up works with you to design a collaborative area that can be placed in open-plan areas to create an instant meeting space for groups of people.

MOONS & ROUNDS
SEATING

The perfect match for any breakout or touch-down area, Moons & Rounds are designed to nest together in small clusters or as part of a larger configuration in a breakout space away from the desk or an interactive learning area. Moons & Rounds offer a clean, contemporary aesthetic with a selection of glides, feet or castors to adapt to their surroundings to provide a seamless blend of function and style.
